\$8-\$22 Pay Increases For Madison Teachers

District May Have To Borrow \$16,793 Cost; Expand Driver Training

Salary raises of \$8.33 to \$22.22 per month were granted to Madison school teachers by the school board Tuesday night. With the one-year contract the school district may be forced into deficit financing for the first time in years, it was noted.

Wensel Brown, superintendent, said the district may have to borrow the entire \$16,793 cost of the raise. He said he and the teachers' committee made a thorough study of the records to try to find a source of funds to finance a raise, but both agreed that there was none.

Brown also predicted that the district may be faced with a tax rate increase in the next year to provide the necessary funds for the 1966-67 school year.

The raises included \$8.33 a month for teachers in the first three years of the salary schedule, \$11.11 for those in the fourth and fifth years, \$14 for those in the sixth, seventh and eighth years, \$16.67 for those in the ninth and 10th years, \$19.56 for those in the 11th and 12th years, and \$22.22 for those in the 13th year.

New Monthly Salaries

Salaries will be \$75 a month for teachers with a bachelor's degree in the first year to \$911.11 for teachers in the 13th year with a master's degree plus 30 graduate semester hours.

Increases within the salary schedule range from \$11 to \$26. Annual additions in pay will be \$600 for the head football coach, \$500 for the tennis coach, \$350 for his assistant, \$300 for the freshman coach, \$250 for the basketball coach, \$200 for his assistant, \$150 for the freshman basketball coach, \$100 for the cross-country coach, \$50 for the tennis coach, \$750 for elementary school coaches and \$450 for the head teacher at the high school.

Union Comments

Mrs. Addie L. Darden, president of Madison Federation of Teachers Local 725 and John Barr, salary committee chairman, commented on the continued good relationship between the board and teachers, including mutual trust and understanding, which was cited recently in an article in an AFT publication.

During his discussion on the salary agreement, Barr remarked that the teachers are not overpaid, and said he hopes that other schools in the area will be able to match the raises.

The board accepted resignations from Cleveland Hammond, high school counselor; Mrs. Tina Garrett, first grade teacher at Harris school, who has accepted a position in Crystal Lake, where she will join her husband; and Mrs. Sherrell J. Joplin, high school clerk.

Driver Training Program

Expansion of the driver training program to include actual driving lessons in addition to classroom instruction was authorized, and the board hired C.

Gliks to Expand Working Area At Madison Store

An expansion at Gliks Department Stores' main store and offices, Third street and Madison avenue, Madison, is being planned to handle marketing and receipt of merchandise for expanded operations in the firm's six stores.

Joseph Gliks, president, said he is planning, with the permission of the city, to erect a 1,000 square foot addition at the rear of the Madison store. A vacant house on the corner of the addition, and the area also will provide parking space for about eight autos.

The firm handles merchandise for its six stores at the Madison store. The other stores are at Belleme Village shopping center here and at Alton, East Alton, Godfrey and Edwardsville.

School District Outlines Reasons For Bond Proposals

The following statement was issued today by the Granite City school board and administration:

"Citizens of Community Unit School District No. 9 are being asked to go to the polls on Saturday, May 23, to vote on six propositions. All of these propositions involve the welfare of the children of this community. All of these propositions involve the spending of tax funds.

"A choice must be made by everyone who votes, which is the more important, an increase in taxes or the welfare of the children of the community? There can, obviously, be only one choice and that must be the welfare of the children.

"The voter, of course, has the right and the responsibility of determining which he considers most important and for casting his vote according to his own convictions. If the voter is to cast his vote intelligently, he must be informed of all the facts relative to the proposition on which he is to vote.

MFT Engineer Contract With St. Louis Firm Placed On 1st Reading

Fluoridation of water was approved Monday night by Granite City council members, who in a busy session, also gave first reading approval to the mayor's selection of a St. Louis firm to serve as motor fuel tax project engineer.

While fluoridation was approved by a vote of 12-to-4, the addition of fluoride chemicals to the city's water by East St. Louis & Interurban Water Co. will not be carried out until similar approval is given by the city of Belleville, where the proposal was voted down over year ago.

GC Grade School Enrollment Tops Capacity And Is Rising

Related chart on page 3.

(Last of four articles)

Current grade school enrollment in the Granite City school district totals 7600, exceeding the current total capacity of 7830, it is being pointed out as Saturday's bond issue and tax rate election approaches.

Classrooms being added at the Mitchell and Wilson schools will expand the capacity to 7830. But the number of students will rise to an estimated 7937 this fall. Along with the present three church rooms, more classrooms are expected to be rented in September.

Construction for which approval is sought Saturday would add elementary capacity to 8340. This includes the anticipated 1965-66 enrollment, but renting of space might have to be required in the fall of 1965 or 1967.

Junior High Expansion

At the junior high school level, the school board is presently studying the current expansion of Prather junior high school will raise total seventh-grade capacity to 3476.

Both the 3206 and 3476 figures are greater than the current enrollment of 2800 and the future projections of 2844 this fall, 2922 next year and 3116 in the fall of 1967.

Under the junior high bond issue proposal to be decided Saturday, capacity would be further increased to 4196. A wing of the new Ponton road school would be used temporarily for elementary pupils.

GC High Capacity

Plagued by the size of its corridors and cafeteria, Granite City high school has traffic and lunch problems. Actual capacity of 2620 is not exceeded now, nor is it expected to be this fall.

The school district indicates that GCIS will have 2704 students in the fall of 1965, 2703 the following year and 2844 in the fall of 1967. The proposed bond-funded addition would increase capacity to 2980, less some regular classroom space lost due to expansion of the library, commercial department and other special areas.

Special officials note that the GCIS addition is too large to finance from regular operating funds. They add that the district is exhausting the list of schools designed to handle additional classrooms; the practice of adding rooms to existing buildings is nearing an end, unless more schools are built.

Costs Up, Rates At Limit

They also call attention to the fact that education, building and maintenance costs are rising.

Memorial Day Programs In All 3 Local Cities

The annual Memorial Day ceremonies sponsored by Daughters of Union Veterans, Tent 80, will be held at 9 a.m. Saturday, May 23, on the lawn of the city hall in Granite City. It was announced today by Mrs. Sylvia Turner, chairman.

The speaker will be Albert Bickel, Granite City attorney, and Mayor Davis will give the welcoming address. Other organizations are being invited to participate.

Venice - Madison American Legion Post 397 will hold its annual parade and reception on May 30. The parade will start at 10 a.m. at Third street and Broadway and will proceed to the intersection of Broadway and Madison avenue to the Madison Memorial Center, where services will be conducted at 11 a.m.

P-R Staff to Compile School Vote Results

The Press-Record staff will compile results of Saturday's school bond issue and tax rate votes and will relay the information to callers.

Election judges are requested to telephone the newspaper office as soon as possible with precinct results.

Not much information is expected before 8 or 8:30 p.m., since the polls do not close until 7 p.m.

Railroad Tax Case Hearings To Open; 70% School Funds

Court hearings are to start soon on railroad tax objection cases before Circuit Judge James O. Morrison Jr. Burris Bernack, assistant state's attorney, advised the Madison county board of supervisors Wednesday morning at Edwardsville.

The county collector is holding about \$1½ million in taxes paid under protest by the railroads. About 70% is earmarked for the schools, Bernack said. One ballot calls for a "Yes" to the county paying the rest.

The same method is being used to finance litigation in Cook county, the only other county in the state which has gone to the courts to settle railroad tax cases, Bernack said, and Cook county has about \$50 million in funds tied up.

Claim Refuse Treatment

The railroads, assessed by the state, claim they are treated unfairly in comparison to locally assessed property. Bernack said the county was assessed at \$25 to \$38 million through 1962, the county's assessment in the state under Cook and St. Clair counties.

Bernack said the state's attorney's office is obtaining the advice of assessment experts and compiling state records before presenting evidence in court. He added that five railroads have settled their objection cases for 1959 and 1960 but none have for 1961 and 1962.

County Jail Wall

Rev. Paul Surbey, chairman of the citizens study commission on the county jail and building needs, advised the board that the south wall of the jail is in danger of collapsing at any time according to consulting engineers who recommended that it be shored up temporarily, perhaps with railroad ties.

The chairman told the board the committee will make a full report after consulting with the Northwestern Illinois Area Plan Commission, perhaps in the month of June.

Enrollment Rising

School officials cite continuing enrollment gains requiring additional classrooms, the necessity of larger teaching, custodial and clerical staffs, and the need for equipment costs. Students have been increasing at a rate of about 500 in some years.

Brevity of the pre-selection period has limited the number of organizations taking a part in the proposals. Some have endorsed the bond and tax proposals. The Chamber of Commerce urged accelerated retirement of bonds and suggested a 25-cent educational rate referendum.

All are hopeful of a large vote turnout, although past experience does not bear out such an expectation. Ballots totaled (Continued on page 3, col. 1)

\$2,390,000 Building Program, 40-Cent Hike In Education Tax Rate

Sixteen polling places will be open from noon to 7 p.m. Saturday as voters decide the fate of the third construction and tax referendum to be scheduled since the Granite City community unit school district was formed in 1950.

The proposed \$2-cent tax rate increase, representing a 37% hike in current total property taxes, includes a 40-cent boost in the educational fund rate and an estimated 12-cent higher bond and interest tax rate to finance five building and site projects totaling \$2,390,000.

One ballot calls for a "Yes" to the county paying the rest. The second of the two ballots lists five propositions, each one of which must be voted on separately.

Two New Schools

One—Purchase of a site, construction of a school and issuance of \$500,000 in bonds. IA 13-room grade school in the Prohant zone, somewhere east of Edgewood drive, north of St. Clair avenue and south of Ponton road.

Two—Building of a new school and issuance of bonds totaling \$1,890,000 in bonds. A new school of about 24 rooms, with temporary partial use as a grade school, on a 20-acre tract at the southeast corner of Ponton road and the road leading to the Cargill elevator.

Three—Construction of a four-classroom addition to Niedringhaus grade school, with \$60,000 in bonds issued.

Four—Erection of an addition to Granite City high school, financed by \$300,000 in bonds. (A new cafeteria topped by six to eight classrooms, and a 100-room dormitory in the old cafeteria space.)

Five—Purchase of an additional school site, with \$50,000 in bonds. (For a future grade school to be located in the Birchwood area, possibly in the vicinity of Illinois Route 3.)

Resurfacing Of Madison Alleys To Start Monday

A six-week Madison alley improvement program will begin next Monday morning, May 25, it was announced today by Street Supt. Stanley Lucas.

Lucas said alleys will be "scarified" first; the surface will be dug up and then graded. Next, oil will be applied, followed by a coating of rock chips.

He urged that the public cooperate by refraining from placing any rubbish in an alley after it has been scarified. Also, trees and shrubs and garbage should be kept out of the path of grading and resurfacing vehicles.

All alleys in the city of Madison will be included in the project. Crews will start in the alleys between State street and Grand avenue, gradually working their way eastward.

39 To Graduate At Venice Grade School On Tuesday

Graduation ceremonies for 39 students at Venice grade school are scheduled for 8 p.m. Tuesday at the school gym, according to John Pier, superintendent of schools.

Pier will give a welcoming address while Michael Leatherman Jr., president of the school board, will present the diplomas. Leatherman will also award American Legion medals.

The American Legion Color Guard will be present, and two of the guests. One quartet, made up of Patricia Sifton, Janet Hayden, Diana Lopez, and Betty McDowell, will play "Pettie Classique" and the other, composed of Joan Pickens, Betty McDowell, Cynthia Bosworth and Patricia Sifton, will play "March Minutiae."

Russell Turner, Kenneth Patterson and Robert Young, playing together in a coronet trio, will do the number "Jim Dandy." The graduating class will sing "No Man Is an Island," "Graduation Day," and "Vacation Time."

Cynthia Bosworth will read the class prophecy and Rev. Buddy Johnson, pastor of the Venice Methodist Church, will deliver the invocation and benediction.

Valedictorian, Salutatorian

Speeches will be given by Russell Turner, valedictorian, and son of Mr. and Mrs. J. W. Turner, 109 Abbott Street, Venice, and Sandra DuBois, salutatorian and daughter of Mr. and Mrs. James DuBois, Apt. 74, Venice Homes.

Others to be graduated are Charles Austin, Ericka Bazzell, Roland Cagle, Charles Cooper, Michael Boushard, Cynthia Bosworth, David Cuzzi, Judy Campbell, Howard Getz, Sally Edington, Robert Harshaw, Janet and Karen Hayden, Gary Kampman, Sharline Hundley, Gerald Langston, Michael Leatherman, Douglas Langston, James Mangano, Kenneth Patterson, Edward May, Roger Peach, Betty McDowell, John Pickens, Lawrence Tuent Jr., Donna Darlene Ray, Sue Scherrell, Gary Wallen, Brenda Woodard, Robert Young, Gary Wallace, Susan Sherry, Patricia Sifton, Arnold Spiff, John Murphy and Charles Lindes Cooper.

It is abolished to avoid tax protests from railroads.

Protests were voiced by Second, Third and Fourth Ward aldermen who said the special fund was earmarked for removal of old trolley tracks along 23rd Street. Portney reminded them of a earlier action by the council last December approving the sidewalk installation and use of a portion of the special fund. He added that the council also had approved a contract with Ellsworth Concrete Co. at 51 cents a lineal foot. Atty. Filcott said the contract had not yet been signed.

Alderman Gabrielle Bettenc said the project was not in the city's budget and could not be carried out legally. Rutledge, chairman of Finance committee, told her the old budget has expired and the city now is operating under its new budget which has yet to be submitted to the council for approval.

The motion to table the fund transfer was by Boyd and Bergfeld.

GC About Ready to Look Into Solving Open Dump Problem

Two possible means of meeting the state requirement for halting the operation of open dumps were taken up by Granite City council members Monday night, and a third action is being considered.

Mayor Divina was instructed to arrange a meeting with Mayors Maeras of Madison and Lee of Venice for a joint operation of an incinerator. The state

deadline for abolishment of open dumps is Aug. 26.

Mayor Divina has suggested the Missouri-Illinois Bi-State Development Agency might be approached to build a dump to be an incinerator for the entire metropolitan area.

A meeting was made Monday night that the Tri-City Regional Port Authority also might be contacted since it has access to considerable low-lying areas in the vicinity of the Chain of Rocks canal harbor which could be used either for landfill operation—permissible by the state—or construction and operation of an incinerator.

MORE ABOUT GC School Bond

(Continued from page 1.)

3839 in the referendum of May 2, 1953, and 3343 on Nov. 2, 1957.

16-1-41 Victories

The 1953 program, approved by a 16-1 margin, consisted of a tax rate hike of 23 cents for operating funds plus 27 cents which financed \$3,840,000 in buildings. Included were Colledge junior high school, the high school gymnasium building and music wing, Frohard grade school, new Logan grade school, additions to Marshall and Niedringhaus elementary schools, renovation of Niedringhaus, an addition to Nemecki grade school, rehabilitation of the GCIS heating plant and purchase of the future Prather junior high site as well as the Frohard, Coolidge and new Logan sites.

In 1957, voters approved by margins of 34-1 to 4-1 the construction of Prather junior high and Marvillie, Wilson and Lake grade schools, major repairs to Central junior high, GCIS and the Emerson, McKinley and Washington elementary schools, and purchase of the three grade school sites as well as land for the currently proposed Pontoon road junior high.

Use of Liberty grade school was discontinued as result of the 1957 building program which totaled \$2,000,000 in bonds plus a \$247,650 federal construction grant. There were tax rate increases of 35 cents for education, nine cents for the building fund and 15 cents for long-term debt.

Rate Limits Reached

Since then, authorized rate limits have been reached despite increases in assessed valuation. There also has been further federal aid, the latest grant of \$500,000 having financed 20 classrooms and three vocational shops added to GCIS.

The proposals to be voted on Saturday do not include any change in the building fund tax rate. The state legislature has authorized a non-referendum rate boost of up to five cents for three consecutive years, but there is no building fund money available to improve schools in conformity with new fire safety requirements.

Also not part of the bond issue are additions to Prather junior high and the Mitchell and Wilson grade schools, for which construction contracts have been approved by the school board. They are being financed from current operating funds.

At present, there is no operating debt, which has climbed near the \$1 million mark during the 1950's.

\$4 Million Current Bonds

Existing bond debt of \$4,101,000, plus \$947,545 interest. The district is retiring \$254,000 principal and \$153,176 interest.

Present bond expirations are next year for a 1948 bond issue, 1967 for a small portion of the 1953 bond issue, 1969 for a 1949 bond issue, 1970 for a 1950 bond issue, 1974 for the main part of the 1953 program and 1978 for the bonds voted in November 1957.

Assessed valuation is \$182,141,620, meaning that each penny of tax rate proves \$182,141 in yearly revenue. The rate refers to each \$100 of property value.

The \$2,325 school district tax rate consists of \$1.75 for education, 25 cents for building, two cents for transportation, 26 cents for bonds and interest and 43 cents for the retirement fund.

Including the \$2,325, the total tax rate, including parks, townships, the lower district, etc., amounts to \$3.935 in the city of Granite City, \$3.453 in Nemecki township and \$3.468 in the Mitchell area.

Location Of Polls

In general, citizens will vote at the grade schools which their children attend. Exceptions are those residing in the city of Madison, who will vote at 1307 Madison avenue, and those living in the village of Benton Beach, who will vote at their ballots at the Long Lake firemen's hall, 4113 Pontoon road.

The other polling places are located in elementary schools—Lake Washington, new Logan, Emerson, McKinley, Webster, Marshall, Niedringhaus, Frohard, Marvillie, Wilson, Nemecki, Mitchell and Stalling. Those participating are required to be registered voters.

Dance Recital Friday

A dance recital will be given at 8 p.m. Friday in Central school by 75 to 100 pupils of the Jerry Green Dance Studio. The youngsters ages are 5 to 17. Glynn Kirk, St. Louis, will be master of ceremonies.

Two Autos Damaged In Open Door Mishap

Two autos were damaged in a freak mishap occurring Tuesday night in the 900 block of 25th street.

Charles Reisinger, 19, of 2006 Fourteenth street, told police he was driving east when a passenger dropped money on the floor and opened the right door in a search for it.

The door struck a parked auto belonging to Vernon Morris, 906 Twenty-fifth street. No injuries were reported.

Paper-Link Sale at VHS To Get 'Sock-Hop' Fund

The freshmen class is ahead this year, Mike and Joe, sponsored by the Venice student council, it was announced today by Mary Margaret Culson, president of the council.

She said that half the money raised by each class will be used to supply an additional "Goliath" night member for Friday night's "sock-hop" at the school. The contest will end tomorrow morning and if enough money is raised, Charlie Hayden will be added to the "Galactic" trio of Mike, Joe and John Russell. Links are being sold for two cents each.

City Is Negotiating Condemnation Contract

A contract with the Morris Chapman law firm to handle property condemnations for the city—estimated at 55 to 100—was referred to City Atty. George Elford Jr. for further negotiation.

The action was taken Monday night when the contract was presented before a full council meeting. The city is negotiating with other cities, such as court fees, sheriff's fees and other expenses, which will be added to the members called for a flat fee figure, and Alderman Donald Partney of the Planning and Zoning committee said he had been advised the overall fee would be \$250 per condemnation.

Filoff pointed out that special costs such as title searches, court filing costs and sheriff fees could amount to over \$100 in each instance.

"We could hire another city attorney and get by cheaper," several aldermen commented, pointing out a list of 53 to 100 pieces of property subject to condemnation had been piling up over the past several years.

Alderman Gabrielle Boine questioned the procedure of condemnation, pointing out that she had heard complaints from the owner of a condemned house in the 2200 block of Benton street for which Atty. Elford was taking emergency steps to condemn immediately.

The owner wants to fix up the place and told a building permit was denied a contractor about a year ago," the alderman said. "A person should be given an opportunity to make repairs," she added.

City Building Inspector Earl Bloomquist told the Press-Record he had never received an application for a repair or building permit for the property.

Band Concert Stated Tonight at Nemecki School

The Nemecki division band, made up of 120 members from Frohard, Marvillie, Nemecki, Mitchell and Niedringhaus schools, will give a concert at 7:30 p.m. today at the Nemecki school gym. It was announced by Joseph Owens, band director.

Owens said the band is scheduled to perform Saturday afternoon at the Shrine Hospital in St. Louis county. Louis Spohn, local Shrine, made the arrangements for the trip and band members and chaperones will be given a tour of the hospital. Last week the band gave 20-minute concerts at member schools.

Courthouse To Close Day Before Holidays

The Madison county courthouse in Edwardsville will be closed on May 29 and July 3, the days before Memorial Day and the Fourth of July which fall on Saturdays.

County employees were given the days off by the Madison county board of supervisors during its meeting Wednesday morning upon the petition of county officers and the request of the employees' union.

School Proposals For Granite City District Voters

The chart below lists building bond issue and education tax increase propositions to be voted upon in the Granite City school district Saturday, May 23. There will be separate decisions on each of six segments of the program—the five construction and site projects under the building fund, and authorization for a higher educational tax. How it will affect each taxpayer can be determined by combining taxes for the various phases of the plan.

Protestant Welfare Aids 118 Individuals

A total of 28 cases involving 118 persons were handled last month by the Protestant Welfare Association, according to a report made at the board meeting Tuesday night at Devey Avenue Methodist Church.

No action was taken on the recommendation of the association, said the report includes 11 new, four recurrent and 13 incidental cases and that referrals were made by citizens, ministers, police, a probation officer, the Red Cross and school teachers.

Rev. Raymond Suster, pastor of the host church, gave a devotion and Leonora Goodland, president, led a discussion of the budget for the current year after Ray Lynn had given the budget report.

Among low-bid purchases recommended by the county highway department were 10,000 gallons of tar from the Reilly Tar & Chemical Co. at 16.25 cents per gallon and 600,000 gallons of road oil from Midwest Blacktop Road Inc., East St. Louis, at 13.4 cents per gallon.

Special Program Director Job for Mrs. Fuller at 'Y'

Mrs. Carl (Bonnie) Fuller, 2707 Roosevelt street, has accepted the position of special program director at the YMCA, which was announced today by C. A. McMillan, general secretary.

Her duties will include supervision of the program of cultural activities, special advisor to the youth department in the girls' program, junior high program director and teen program assistant.

Mrs. Fuller, McMillan said, has had extensive experience in youth work and is a well-known artist. Her youth work includes girl scouting, cub scouting, youth department and Second Baptist Church and the Washington school PTA. She also has done work with the public library staff in presenting story hours and puppet shows.

In addition, Mrs. Fuller, a former resident of Salina, Okla., an amateur poet. She has had art shows in Prior, Okla., and the library here and has had exhibits in St. Louis and Oklahoma, as well as having been an instructor for the YMCA. One of her most recent works, "Piper Boy with Children" is in the Venice breaks.

\$900 Raised at Latin Ensembles' Concert

About \$900 was raised in a benefit concert by the Granite City and Coolidge junior high Latin American rhythm ensembles, which were held at the high school auditorium. It was reported by R. D. Todoroff, director.

Todoroff said the money would help finance the trip from here to Laredo, Tex., where 21 members of the Granite City ensemble, along with himself and chaperones, would be met by Mexican officials to begin a four-week tour of the country.

"We will be furnished a private railway car by the Mexican government who will take care of our expenses as we perform in 16 different states," Todoroff said.

Donations for the ensemble's expenses from here to Laredo may still be made by interested individuals. They will leave for Mexico July 24.

Fijan-Maeras, Insurance Firms Sued Over Fire

Thomas Stajdl of Madison filed suit Wednesday for \$10,500 and costs against Frank Fijan and Stephen Maeras, doing business as the Fijan-Maeras agency, the Hartford Fire Insurance Co. and Home Indemnity Co.

The suit, filed in Madison county circuit court at Edwardsville, claims his property at 1200 Grand avenue was damaged by fire on May 16, 1953, to the amount of \$10,500, including \$8500 to the buildings and \$2000 to the contents, and that the loss was covered by insurance with the defendants.

He said his policies burned in the fire and that the defendants have refused to pay on the policies. Stajdl alleges no one had been authorized to settle with the defendants.

Alton State Hospital Patients in Recital

A melodic, accompanied by two autographs, will be among the unusual instruments featured in an annual patients recital to be presented this evening at Alton State Hospital.

Fourteen performers will take part, along with a mixed chorus of 25 voices, all under the direction of the hospital's music therapist, Mrs. Bess Westbrooke. Since the recitalists are all regular ward patients of the hospital, their families are especially welcome. However, the invitation is also extended to employees and the general public. Admission is free.

He also will be the freshman football assistant coach and the assistant basketball coach.

The board hired Mrs. Jeanette May Morris of Granite City, a student at Greenville College, for the first grade at Harris; John Logan of Wood River as a high school social studies teacher to succeed George Thomas, who has retired, and as freshman basketball coach and assistant in driver education; Miss Gail Patricia Floyd of Venice as the second grade teacher at Blair school; and Mrs. Agnes Barigel as high school clerk.

Miss Floyd has received her master's degree and has taught two years in St. Louis.

Brown said the staff still is short, a second grade teacher at Blair and a half-time kindergarten teacher at Blair.

Student Insurance

Student insurance for elementary students will be raised 25 cents to \$2 but other rates will remain the same under a contract with John Mull, agent for the North Carolina Mutual Life Insurance Co. The other rates are \$2.75 for junior and senior high school students and \$18 for football players. Brown said he has received no complaints on payment of claims this school year.

Purchase of 100 arms for every other seat in the auditorium by the National Chair Co. at \$1 of \$745 was approved. The auditorium will be used for study hall purposes, and no further study hall periods will be located in the school library. The firm installed the seats originally, and school personnel will install the arms.

continuing educational program of this community.

Ballots Explained

"4. There will be two ballots, one involving an increase in the educational tax rate from its present level of \$1.75 per \$100 of assessed valuation to \$2.15 per \$100.

"The second ballot will contain five propositions:

"I. To purchase a site and build a building somewhere in the area east of the present Proctor elementary school.

"II. To build a new junior high school on the site already owned by the school district at Pontoon road east of the Alton and Southern Railroad. This site was acquired by the voters in the election of 1957.

"III. To add additional classrooms to Nidringhaus school.

"IV. To build a new cafeteria and add classrooms with other alterations to the senior high school.

"V. To purchase an additional site for an elementary school somewhere in the Mitchell area.

Educational Rate

"Regarding the first ballot, the facts are:

"The total increase probably will not be utilized for several years with a possibility that it might not be entirely used for six or eight years; an exact determination is impossible since there are many variables. The last increase in this rate was authorized by the voters in the election of 1957 and was not totally used until 1960. The present board and administration gives you this assurance; that when it is needed.

"The question of why a forty-cent increase in this item must be requested at this time has been asked and we think that the

Newport Junior Chamber of Commerce.

A school treasurer's report showed May 1 cash balances of \$145,607 in the educational fund, \$19,643 in the building fund and \$2,743 in the bonds and interest fund for a total of \$157,992.

The board authorized the superintendent and attorney to prepare the budget and lay for the 1964-65 school year.

The board approved April educational salaries of \$34,733, cafeteria salaries of \$22,098, educational fund bills of \$22,068, building fund bills of \$6,054 and bond interest bills of \$19,196.

voters should have an explanation. Our assessed valuation is approximately \$182,000,000. One penny of tax levied against this valuation will produce \$18,200. A forty-cent increase will produce, at this valuation, \$72,800.

Bigger Staff, More Supplies

"The bond proposals plus the construction already under contract and being constructed this summer will require approximately 90 to 100 persons to staff and operate these new rooms and buildings. These additional persons on the teaching and custodial staffs and other areas of operation will cost approximately \$500,000 per year. This is a recurring item or one that must be met each year.

"In addition to the added cost of an increased staff, there are other expenses of operation which must come from this same fund, such as textbooks, library books and all of the sundry supplies which are necessary for the operation of a school.

"These costs continue to rise every year. Even a small percentage increase, while it may seem insignificant for each item, amounts to many thousands of dollars when aggregated. A conservative estimate of the increase in costs each year easily reaches the level of \$75,000 to \$100,000.

Extensive Study Given

"It is obvious that the requested increase of forty cents in the educational fund was not a figure that was picked from the air but the result of a long and deliberate study by your elected representatives. The need for it is present and its utilization can be delayed by either of two things: first, an increase in assessed valuation, or second, an increase in the amount of state aid.

"Again, your school board and administration pledge themselves to implement this additional forty-cent rate until it becomes necessary to do so.

"In regard to the second ballot: Proposition I—the fact that Frohman, Nemeck, Wilson and Marshall Schools are already at or beyond the size most desirable for efficient and effective operation is so well known, that this proposition needs little said about it. Certainly an additional elementary school must be provided to meet the enrollment demands of this expanding area.

Junior High, Nidringhaus

"Proposition II, Nidringhaus educational authorities in discussion of the purposes and objectives of the junior high school state that the ideal site for a junior high school is from 300 to 750, and never should a school with the purposes and objectives of a junior high school ever exceed 1000.

Central school houses only grades seven and eight, and now has an enrollment of 545. Practically all of the students in this area, your school board and administration advise the purchase of a site now and later the building of a school on this site.

Your board of education and the school administrators of this school district are sincere in presenting this problem to the voters of this community. We assure you that, in our opinion, these needs are real and not hastily or carelessly arrived at conclusions.

"The problems that we face

ther, with grades 7-9 and an enrollment of 768, utilizes areas such as the library and cafeteria during the day.

"Coolidge, which was designed and built to accommodate no more than 1000 students, has an enrollment of 1600-plus projected for the fall of 1964.

This growth was anticipated in 1957 when the voters authorized the purchase of a site for a future junior high. This proposed junior high would provide the very necessary relief for Coolidge and be activated as soon as an enrollment of 500 to 600 pupils.

"Proposition III. For a number of years the enrollment figures at Nidringhaus school remained fairly constant and class sizes were not a problem. In recent years, there has been a very considerable change in this pattern due to residential development west of Benton and Pehling road. Class sizes have increased to the point where effective teaching is becoming increasingly difficult. The addition of the suggested facilities will enable us to better cope with the problem of growth in class sizes.

High School Needs

"Proposition IV. The North Central Association of Colleges and Secondary Schools has already told us that if we are to remain on the accredited list we must expand our library facilities. High school pupils must have five shifts with some starting their lunch periods as early as 11 and some as late as 1 o'clock, with many of them having as little as 10 minutes to actually eat their lunch.

"The business education and the vocational-industrial arts departments are so pressed for space that it is already necessary to curtail part of the program and to limit enrollment.

"This proposition will help to resolve the existing problems; however, future growth in enrollment in the senior high school may and probably will require additional facilities. If and when that time comes plans should be made for a second high school rather than any further addition to the present facilities.

Mitchell Growth

"Proposition V. The area of greatest recent increase in residential construction has been in the Mitchell area. Many new homes have and are being built within the territory served by Mitchell School, east of the school along Bypass 66, north of the school along Old State Road, west of the school along Routes 66 and 67, and south of the school along what is now known as Morrison road, formerly the township road.

"With this growth it is very evident that another school is needed somewhere in this area. Your school board and administration advise the purchase of a site now and later the building of a school on this site.

Your board of education and the school administrators of this school district are sincere in presenting this problem to the voters of this community. We assure you that, in our opinion, these needs are real and not hastily or carelessly arrived at conclusions.

"The problems that we face

Student Parade To Climax Bond Vote Campaign

The pre-election campaign for passage of a Granite City school bond issue and tax referendum will reach its peak at 3:45 p.m. Friday when high school students march from the school down Madison avenue and Nidringhaus avenue to the city hall where the parade will disband.

Sponsored by the GCIS student council, the march will include participation by the school band. Students are preparing signs to carry, and also will give out handbills during and after the parade.

Attention also will be called to the special election in Saturday's park district's boys' baseball parade and opening day ceremonies.

Other arrangements made by the school board's bond issue citizens' committee, which purchased the mimeograph paper, exposure of the election proposals have been sent home with students. Stickers have been prepared and taken home to be given to many organizations.

Student Petitions

Signatures of 701 GCIS students were obtained by students of the school on petitions written by sophomores, Linda Whitten, Forrest Swan and John Deid. The three also prepared the petitions for the handbills to be distributed tomorrow.

The petitions and circulars appeal for support of the bond and tax rate proposals to maintain accreditation of local schools; to avoid loss of academic benefits, such as curtailment of the courses offered; to prevent the incurrence of possible split shift, class schedules; and to avoid the cost of later bond elections.

The circulars say the election will "demonstrate whether the American educational system is capable of competing with the untalented programs now in operation in Communist countries."

Two letters from GCIS students were received today, too late for inclusion in the Forum column. A girl cites GCIS growth and says the public cannot expect a good educational program unless it is willing to provide sufficient funds; she warns that overworking can prevent students from learning as much.

A boy cites the cost of accreditation and says school operation cannot be compared to industries, which are adopting year-around vacations; he says a year-around plan would separate accreditation and add: "I will never refuse to help my children or others' children because I think more of my bank account than of my children's future."

Weed Cutting Bid Lower This Year

Weed cutting in Granite City will be cheaper per lot this year as a result of a call for bids.

The contract was awarded Monday night by the council to Clarence Whitford, 2810 West 22nd street, on a bid of \$2.65 for a 50x125-foot lot. Last year Whitford was paid \$2.95 for the work.

Another bid was received from Leo and Michael Kamalinski who set a \$2.75 per lot figure.

Alderman Edmund Bartosiak complained that the city was cutting weeds on privately-owned property and was not being reimbursed fully. City Atty. George Elieff Jr. pointed out that he collect in every instance would result in numerous lawsuits. The council has an eight-inch high weed law.

Uncle Sam May Owe Travel Expense to Vets

Both active and former members of the armed forces who have had orders canceled, revoked or modified while on leave en route to a new station may now file claims for travel expenses involved.

Previously, servicemen and their dependents were entitled to such reimbursement only from one duty station to a new station, even though they may have traveled hundreds of miles in the wrong direction because of a change in orders following their departure.

Public Law 88-238 now provides that claim may be made for such allowances not paid or repaid to the U. S. for travel on or after Oct. 1, 1949. Retroactive claims must be made by Dec. 22, 1964.

Army personnel, past and present, may submit their claims through the Finance and Accounting Office, U.S. Army Support Center, St. Louis, located on the 11th floor of the Mark Building, 12th and Spruce streets. That office will also assist personnel desiring to file claims. The phone number is MAin 2-2345.

Steel Output Up 7% In First 4 Months

Steel production for the first four months of 1964 totaled 40,617,277 net tons of ingots and steel for castings. American Iron and Steel Institute said today in its preliminary report. This was 7% more than were made during the same period a year ago (37,888,642 tons).

The total produced in April was 10,343,000 tons, up 6% from 10,485,256 tons produced during March.

Steel made by the basic oxygen process during the first four months amounted to 4,118,297 tons, or slightly more than 10% of the total produced by all processes. This is a rise of 32.3% over the comparable figure for 1963. Steel made in electric furnaces for the first four months of 1964 was 3,974,259 tons, compared with 3,771,553 tons during the same period in 1963.

According to the index of steelmaking, the first four months' output was at a rate of 124.3 compared with 117.1 in the same period of 1963, based on the 1957 to 1959 average. The index during April 1964 was 132.1 compared with 127.1 for March.

Depot Seeking Higher Savings Bond Sales

Sale of a new \$75 denomination Series E Savings Bond which bears the portrait of the late President John F. Kennedy has started at the Granite City Army Depot.

In a letter sent out by Col. John M. Ansley, commander, each depot employee is invited to participate in "operation security" with the new bond as an incentive.

The new \$75 denomination costs \$86.25 and matures in seven years and nine months.

The depot already holds the coveted "munitman flag" which indicates 90% or better participation in the regular savings bond program, but a higher percentage is being sought.

Poppies to be Sold Friday and Saturday

Poppy Days will be observed in the Quad-Cities area Friday and Saturday with sales in business districts to be conducted by American Legion Post 113 of the Tri-Cities and Venice-Madison Post 307 and their Auxiliaries and Veterans of Foreign Wars Post 1300 and Auxiliary.

Each year the three posts sell thousands of Poppies that are made by hospitalized veterans and recipients are used to aid the veterans and their families. The hospitalized veterans also are paid for Poppies they assemble, giving them a chance to earn remuneration while hospitalized.

Mrs. Wilson Hospitalized

Mrs. John Wilson, 2337 Lynch avenue, is recovering at St. Luke's Hospital, St. Louis, from major surgery which she underwent Saturday. She will remain in the hospital for about ten days.

**Mercury's
small-bore,
short-stroke
design with
competitors'
"big-bore"
outboards**

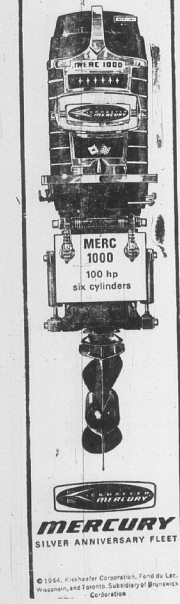

"Bore," in engine talk, means the diameter of the cylinders in which the pistons slide to and fro. "Stroke" is the distance through which the pistons move within the cylinders. Piston displacement, or engine size, is a product of bore, stroke and the number of cylinders. Most high-horsepower outboards use a few big-bore, long-stroke cylinders. Mercury uses small-bore, short-stroke cylinders—and more of them. Thus the little 850 and Merc 1000 outboards each have six cylinders, while other makes of equal piston displacement have only four.

Because Mercs have more but smaller cylinders, the pistons can be much lighter. Because they are lighter, it is far easier to stop and start the pistons at each end of their travel within the cylinders. This results in far less wear and tear throughout the engine.

Mercury's small bore means also that less force is exerted on each piston by the explosion of fuel and air within the cylinder. Big-bore fours are subjected to explosion forces 37% greater than those in six-cylinder Mercs. And Mercury's smaller, forged aluminum pistons, set far off of unwanted heat faster to insure long piston life and to maintain healthy conditions in the combustion chambers.

Besides reducing wear and tear, Mercury's small-bore cylinders are more efficient in squeezing the most work from every drop of gasoline... giving you more miles per gallon—and more miles per dollar. Small-bore, short-stroke design allows Mercs to be made smaller and lighter... and still deliver more horsepower at the prop than other outboards of equal or greater piston displacement.

We like to compare Mercs with other outboards... in design, performance, efficiency and economy. Your Merc dealer will show you how to make your own comparisons. See him soon... Warriors Nip Kahoks 3-2 In Regional, Face Atlanta Monday In Staunton Meet

Pat Harris, top pitcher for the Granite City Warriors, donned his fireman's helmet at Edwardsville and inspired his team to the high school baseball regional championship.

Harris pitched a total of 7½ innings of shutout baseball in relief as the Warriors opened with a 3-1 triumph over Staunton's Bulldogs Tuesday and nipped the Collinsville Kahoks 3-2 yesterday.

Tight pitching was essential for the Warriors, who managed only five hits in the two games. Only one of their total of six runs was earned.

Coach Joe Fedora's team now moves onto the Staunton sectional in a bid to advance to the Peoria state finals June 4-5. The Warriors are scheduled to meet Atlanta Monday afternoon, with Unity of Mendon and Springfield meeting in Tuesday's game.

The winners will play for the championship Wednesday. Atlanta won the Williamsville regional with a 4-3 win over the host school. Unity downed Jacksonville 6-2 at Pittsfield and Griffin beat Lincolnwood of Raymond 4-3 at Taylorville.

With Belleville advancing to the DuQuoin sectional, the Southwestern Conference could be represented by two teams in the state meet.

Surprise Starter
Yesterday, Fedora surprised the Kahoks by starting sophomore Jim Rains, who hadn't pitched for the varsity previously. The move was prompted by Rains' outstanding record for the soph—four hits and no runs in 15 innings of work.

Showing great poise, Rains faced only nine men in his first three innings. The Kahoks' Dave Russell singled in the first but was thrown out trying to steal.

With one out in the fourth, Rains gave up a hard single to Gary Shemoney and Russell followed with a 250-foot smash over the LeClaire Field fence in dead center. At this point, with the score 2-2, Fedora called on Harris.

The senior rightlander responded with scoreless pitching. The Kahoks threatened in the sixth with two outs, but Harris forced them to strand men on first and third.

The Warriors opened with two runs in the first frame. Terry Turner was safe on an error and was forced at second on Gene Bryant's ground ball. Then Larry Dillard lifted a long, high drive to center that crossed the wall at approximately the same spot as Russell's drive would in the fourth.

The third and winning run came in the fourth. Bob Karandjeff walked and moved to second on a wild pitch. The next two batters were retired and, when Larry Anderson hit a roller to second baseman Paul Smith, it looked like the end.

Wide Throw
But Smith tossed the ball wide of first base and Karandjeff, running from second on the crack of the bat, scampered home.

The Kahoks will now meet the Edwardsville Tigers at 3:30 p.m. Friday at LeClaire Field in a playoff game to determine the Southwestern Conference title. Although the Warriors finished in a tie for fourth, they eliminated both title contenders from the tournament.

In Tuesday's game, Harris relieved starter Doug Winfield in the top of the fourth and pitched

four scoreless innings. He retired the first 10 men to bat but, before the seventh frame was over, Staunton loaded the bases with one out on a single, error and walk.

Harris then calmly fanned two batters to end the game. In his 7½ innings, he allowed just two hits and two walks and struck out 13.

Staunton took a 1-0 lead in the first inning but Granite City came back with two runs in the third on two errors and Dillard's double, which bounced over the head of leftfielder Gary Oehler.

An insurance run in the sixth came on Hauptman's single, an error by pitcher Al Schuette on Anderson's hunt, a hit batsman and Harris' sacrifice fly.

Schuette allowed the Warriors only three hits and Collinsville's Harry Parker gave the locals only two sacrifices. The Kahoks advanced to the final by downing Wood River 5-4 in Monday's game.

Score by innings:
Staunton 100 000 0-1 6 4
Granite City 000 200 0-2 3 0
Schuette and Kinnin, Winfield, Harris and Hauptman.

Score by innings:
Granite City 200 100 0-2 3 0

Page Pitches Near-Perfect Classic Game
Bill "Satch" Page fired a no-hitter Tuesday night as Kirchner-Madison Bowl defeated Union Electric 11-1 in the opening action of the Classic Softball League at Wilson Park.

Page struck out 11 and walked only one. He pitched to just 22 men—one over the limit—in matching the gem.

He walked Chico Fernandez in his fourth inning and the Union Electric third sacker gave his team a 1-0 edge by going to second on a wild pitch, stealing third base and scoring on a sacrifice fly.

Page also had two of his team's 14 hits. Bill Curry had three hits with Bill Duren, Greer's batterymate, and Jim Greer also collecting two each.

The Kirchner-Madison Bowl broke into the lead in the sixth inning with six runs and added five more in the seventh.

\$300 For 300s Frederick Calm Over Pin Feat

Talk to Cooper Frederick about his two 300 games and you get the idea everybody else is a lot more excited about the astounding feat than he is.

Frederick, who lives at 2533 North street, got the QuadCity bowling set in a giddy tizzy last Saturday afternoon by rolling two perfect games in Bowland's doubles tournament.

The 300s, both first games of separate series, came about an hour apart. His scores were 300-222-244—766 and 300-198-280—758.

Was he excited? Sure, Frederick told the Press-Record, but the implication was that there weren't the shaky knees and cold sweat that most bowlers might experience.

"I followed them with some pretty good games," he said. A check shows all four other games to be well above the 182 average he maintained this season in both the Friday Major Handicap and Tuesday Independent leagues at Bowland.

Partner "Shook Up"
His doubles partner, Charles Lane, happily testifies to Frederick's calmness: "I was more shook up than he was—and when he had that second one, I said, 'I quit.'"

Another unusual aspect is that Frederick used the same lanes, 19 and 20, that Chuck Mazzaola of Collinsville and Paul Stafford of Edwardsville used for earlier 300 games in the same tournament.

That's four 300s in two weeks, said Bowland's owner, Jack Jacino. "And I pay \$150 for each one."

Along with his \$300 from Bowland, Frederick will receive a diamond ring and wrist watch from the American Bowling Congress and several other awards from bowling organizations and manufacturers.

Since the ABC must check the lanes' measurements after every 300 game, Nos. 19 and 20 are getting to be old stuff for its officials. The report is that 19 is perfect but 20 "leans" a bit, although within ABC requirements.

30 A Toughie?
"The ABC man told me that 20 is no good for a right-hander," said Frederick, "that the ball has to climb uphill. But I've never seen a lane I like better."

A local bowling legend, East St. Louis firm, Frederick didn't start bowling until four years ago about the time he

moved to Granite City. He took a cut out, Coop' cat-called the sport in earnest two years ago.

Frederick demonstrated his 300 form the other night for the Press-Record and a few early but hit to the right and left evening specks. He fired on some standing. "They must have 19—strike!—and on 20—strike! sneaked in some weighted pins," "Look at that, that's all he can someone winked."

DOUBLE 300 BOWLER. They all seemed to go right down the groove for Cooper Frederick as he outbowed bowlers with two 300 games on the same afternoon.

1000 Youngsters In Grade School Competition

About 1000 youngsters — 500 girls on Monday and 500 boys Tuesday — participated in the annual Granite City public elementary school sports days at Frohardt school. Competition was for fifth and sixth graders.

The program was part of the planned youth fitness system of the elementary school physical education department. Purpose was to give controlled competitive experiences to youngsters.

As another part of the program, individual reports will be sent to parents on scores made on youth fitness tests taken earlier this spring.

Ribbons were awarded to the top five places in each event. Participants were divided into three classes by height, weight and age. Of the three Group I was for the smaller and younger. The results:

'Y' Plans Program On Water Safety

A free water safety program will be held at 7 p.m. Wednesday at the YMCA auditorium to help prepare Quad-Cityans for the summer recreation season.

Two movies, "People Afloat" and "Teaching Johnny to Swim," will be shown. The first concerns boating safety, and the second, shows how parents can help small children learn to swim.

A second part of the program will be held in the 'Y' pool, with demonstrations of boating, water safety practices and mouth-to-mouth resuscitation.

In charge of the program will be Al Murler Jr., swimming and scuba instructor, and Mrs. Lee Pfaff, swimming instructor and Cross Creek water safety chairman. Clifton Blankenship will give the resuscitation demonstration.

"Fishing with an Outboard," a free 24-page booklet which tells how to use the mobility afforded by an outboard rig to catch more fish, is available from the Kickhaver Corp., Fond du Lac, Wis.

DOWNSTATE FISHERMAN'S GUIDE
by C. A. FRAZER

(Compiled from area reports by the Southern Illinois University Information Service.)

The first hot weather of the season brought with it an expected decline in fishing activity at Southern Illinois lakes, or to put it another way, more fishermen caught fewer fish. Boat dock operators reported a thriving business during the weekend while campers are arriving in increasing numbers to stay in the areas provided by the U.S. Fish and Wildlife Service.

In general, the bluegill provided the most meat for the pan during the past week, with good catches reported at Lake of Egypt, Little Grassy and Devils Kitchen lakes. Crappie and catfish were on vacation, while largemouth bass put on an occasional feeding flurry early and late.

The two largest bass of the week, both 5½-pounders, were caught at Little Grassy at opposite extremes — one on a flyrod surface popper and the other on a plastic worm, fished on the bottom. Most bass fishermen, however, are starting with surface lures early in the day, then switching to deep running as the sun begins to warm things up.

Boosters Club Plans To Buy Blazers For Use By Granite City High Teams

A project to purchase blazers for Granite City high school athletic teams has been launched by the Boosters of the Fighting Warriors.

The blazers would be worn by the athletes on road trips and for other team functions. Estimated cost is about \$20 each. The club, which discussed the project at a meeting Monday night, hopes to donate the blazers in time for next fall's football season.

It was announced that Ronald Dillard, secretary of the school board, has donated his \$240 annual salary for that position toward purchase of the blazers.

The club will have several fund-raising activities, including a fish stand at the July 1-5 holiday celebration at Wilson Park. Membership cards for the coming year also will be sold.

Emerald Dawes will be chairman of the fish stand. Other committee members are Gerald Patterson, Joe Hiles sr., Roger Bowler, Homer Johnson and Nick Potillo.

George E. Moore sr. was elected club president for the coming year. Other officers named are Cameron VanBuskirk, vice-president; Mrs. Valerius, executive secretary; and Cecil Nash, treasurer.

On the board of directors are David Pettillo, William Sherr, and Leonard Lybarger, Norman Field, William E. Winter, Mrs. Agnes Bowler, Mike Kawula and Richard Neumann, the retiring president.

Johnson, head of the Citizens Bond Issue Committee, and Dick Yates, public schools' athletic director, spoke on the importance of passing Saturday's school bond issue.

Park Baseball Parade Will be Held Saturday

Annual opening day festivities for the boys' baseball program of the Granite City park district will be held Saturday afternoon.

A parade at 1 p.m. will feature nearly 1000 players from 12 leagues and various officials riding in convertibles. Following the parade, ceremonies will be held at diamond No. 3, at Wilson Park and five league games will be played at other fields.

The players will assemble at 12:15 p.m. between Madison and Grand avenues on the 24th street parkway. The route will be north on Madison avenue to 29th street and then over to State street and into Wilson Park.

Music will be by the Belleville Gablettes, girls' drum and bugle corps which also will perform at Wilson Park.

The Marine League will furnish the color guard and Matthews Chevrolet will provide the convertibles. Matthews is also sponsoring the Gablettes' appearance. Dave Morgan is parade marshal for the third year.

Opening Pitches
In the park ceremonies, Mrs. Joe Lotz will throw out the first ball for a Bantam Division newly-named for her late husband, who was a long-time coach and manager of park district teams.

And Jim Holland, honored with the Midget Division under his name this year, will toss out the first pitch in that league. Holland donated much time and equipment to build several of the park's diamonds.

Rev. Robert J. Baumann, pastor of St. Peter E & R Church, will give the invocation. Harry Loman, president of the park district, will be master-of-ceremonies.

Lineup of Officials
Riding in the autos during the parade will be: Car No. 1 — Park Commissioner Milton Wooten, Alderman Don Partney (representing Mayor Leonard Davis) and Mrs. Loftus; No. 2 — Loman, Milton Matthews of Matthews Chevrolet and Chief of Police Raymond Willard; No. 3 — Park Commissioner Clarence Baumeyster, Rev. Baumann and Holland.

No. 4 — Park Commissioner Milton Allen, Col. Robert Armstrong of the Granite City Army Depot (representing Col. John Ansel) and Jack Matthews of Matthews Chevrolet; No. 5 —

Mathews Splits Shutouts At Gillespie, Norm Grote Pitches Three-Hit Triumph

Mathews Chevrolet split soft ball shutouts last night at Gillespie, winning 5-0, and then losing the second game 6-0. The Granite City club now owns a 3-1 record.

Norm Grote fired a three-hit shutout in the victory, getting nine strikeouts and allowing three walks. Mathews opened with back-to-back homers by Art Borchers and Conrad "Babe"

Maryville and the Braves with Mercer Funeral Home for second place in opposite divisions of the league.

Meanwhile, Mercers (also 2-2) visit the winless Alwood Flyers at Roxana high school. After scoring eight runs to their opponents' 35 in the first three games, the Flyers forfeited Sunday to St. Clair Heating of East St. Louis.

It was the second forfeit victory for St. Clair in the opening four dates of the season. Sacred Heart failed to field nine men on opening day April 26.

In what figures to be the highlight game of the day, Maryville's Red Sox host the unbeaten Collinsville Boosters. The Sox showed astounding hitting prowess last week in a 21-5 victory over Sacred Heart and are averaging 12 runs per game.

St. Clair, after winning only one game so far on the playing field, visits Tray's Red Birds.

Champion in the first inning. Two more runs scored in the third on an error and singles by Marv Brokaw, Champion and Jack Scarborough. Champions third hit, a double, drove home the fifth run in the final inning.

Gillespie's Pete Kulkamp blanked the locals on one hit—a single by Roger Smith in the sixth. Kulkamp also hit a home run—the only run given up by Mathews reliever Bob Bryant.

Mathews plays the Alt-Wood Merchants, last year's state champion, in the first Bi-State League at 7:30 p.m. Saturday at Roxana high school. Rip Rappe, one of the state's top pitchers, is a likely starter for Alt-Wood in one of the games.

Before casting off, a wise skipper conducts an inspection of his rig. He should make sure there is ample gas aboard, as well as life preservers and emergency gear. He should also check that steering controls and fuel line are properly connected.

LARGEMOUTH BASS weighing just under seven pounds was caught on a recent fishing party to strip mines near Millstadt by Rich Delgado, 3265 Edgewood drive. The local barber used a white popper on a fly-rod for the big one, which is being mounted. Delgado's fishing companion was Kenny Spiroff.

Tavern Games Sunday

Three games are scheduled in the Tavern Softball League for 10:30 a.m. Sunday. They are: Bowland vs. Joe & Tony's at Wilson Park; Polish Hall vs. Liberty at 3rd street diamond; and Sportsmen's Club vs. Lakeside Inn at Lee Park. Bowland's Tavern has an open date.

Two Local Autos Enter 'Little 500'

Cars owned by Roy Brannam and Bill Schaefer of Granite City are entered in the 16th annual "Little 500" national championship sprint car classic Saturday night at Sun Valley Speedway, Anderson, Ind.

Brannam's car will be driven by Granite City's Wil Spalding. Schaefer's will be handled by Sam Sessions of Nashville, Mich. Both cars have Chevy V-8 motors.

Entered in the 500-lap endurance run are 33 cars. About 15,000 spectators are expected to watch the sprinters on Sun Valley's high-banked, quarter-mile asphalt oval.

Jim Riskovsky Wins Stock Class Trophy

Jim Riskovsky of Madison won the top stock eliminator trophy last night at drag races at Tri-City Speedway. He drove a 1963 Dodge.

Winning the sports car eliminator trophy was Granite City's Ken Hicks in the '62 Corvette. Don Birks of Granite City repeated at the motorcycle winner.

Charlie Ahrens of Granite City won the gas eliminator trophy in a 1930 Chevy Coupe. The one-eighth mile drag are held every Wednesday night sponsored by the Granite City Steel Mill Hot Rod Club.

Youngsters Hit Homers

Two boys slugged home runs in baseball games this week. They were winning pitcher Mike Greco for the Crawfords in the Nameoki Little League and Ken Gaken for the Hornets in the Park League. Scores and schedules are listed elsewhere on this page.

SW Track Slated At East St. Louis

Granite City high school's track team finishes the season tomorrow night in the Southwestern Conference meet at Parsons Field, East St. Louis. The East St. Louis teachers' strike had cast doubt on the running of the meet but last word was that it will be held as scheduled. The entry of East St. Louis apparently depends on the status of the strike at post time.

Cochi Jim Morrison of Granite City, recovering from the measles, expects to be ready for the meet but his Warriors are hampered by injuries to key personnel. Two-time state champion Alton is the heavy favorite.

Paddlers Practice Will Start June 8

Practice will begin Monday morning, June 8, for the Paddlers competitive swim team at Paddlers pool, coach Keith Parker announced today.

The team will enter its third full season with a 22-2 record in dual and invitational competition over the past two seasons. Both defeats were from Summer Sport of East St. Louis.

The team also placed second in the Southwestern Illinois Swimming Conference both years and was fourth among 26 teams in an AAU meet at Marion. The diving team posted an 8-0 mark last year.

Gal Hurls 3-Hitter, Runs Wild On Bases

Diane Carter pitched a three-hitter and ran wild on the bases last night as the Venice Sportettes won a 16-2 Twilight Softball League victory at Belleville.

She stole six bases—second base on four occasions and third base twice. Teammates Gail Hart, Barbara Glastetter, Mickey Rayfield and Karen Chase all locked home runs.

The Sportettes, 4-1 in the league and 7-2 overall, take on Cahokia at 8:30 tonight at Venice's Lee Park.

MISS MAERAS HONORED AT BRIDAL SHOWER

A pink table umbrella covered with white garlands and effect highlighted a gift table which held numerous bridal shower gifts Sunday afternoon for Miss Penny Maeras, who is to be married June 13.

Mrs. Vickie Skundlich decorated the gift table and assisted with other decorations at the VFW hall.

Mrs. Helen Grotz presented arrangement for the wedding party's table at the shower. It consisted of a large bride doll

surrounded with trellises of orange blossoms intermingled with greenery.

The shower was given by Mrs. Betty Gidde, who will serve as matron of honor, and Mrs. Skundlich, both aunts of the honored guests. Pink and white were carried out in the decorations throughout the hall.

Miss Maeras was assisted in opening her gifts by Mrs. Gidde, Mrs. Donna Hlava and Miss Nancy Phillips, sister of the prospective groom, who are to be bridesmaids, and Tammy Maeras, niece of the bride, who is to be flower girl.

Pink and white fresh flowers adorned each table, and miniature umbrellas covered with pink tulle and lilies of the valley, filled with candy minis, served as favors at each place setting.

Games were played, with prizes awarded to the winners. Guests arrived from the Quad-

City Oks Office Worker Pay Hikes, Rejects Dog Catcher

Pay increases were approved for the city clerk's assistant and for part-time workers who soon will be typing tax bills, but the Granite City council Monday night turned down again the pay boost request of Scott Craftcraft dog catcher.

The clerk's assistant is to be given increase to \$2 an hour from the present \$1.65 rate, and part-time office workers are to be given \$1.80 instead of \$1.65.

Craftcraft now earns \$500 a month with the \$19 across-the-board increase granted May 1. Alderman Paul Rutledge, chairman of the Finance committee, said the group felt the \$300-a-month salary was adequate.

Later in the meeting, Alderman William McGee, Sixth Ward, said he was averaging 10 to 15 dog complaints a week and he called upon the mayor for assistance in clearing the area of roaming animals. He suggested the city might prepare a law setting forth fees for boarding and claiming pets at the dog pound.

"Too Much For One Man"

Mayor Davis replied that his office also had been receiving complaints and that the dog catcher was doing about the most that could be done by one man. No further action was taken.

Approved by the council was a transfer of \$150,000 from the city's \$388,280 sales tax reserve to the maintenance of sewers account which had a May 1 deficit of \$257,093. The transfer was recommended by the city's fiscal agent for the sewerage treatment plant, who told the Special Population committee earlier that the

city's revenue bonds might demand a higher interest rate if the city failed to cut down on the sewer maintenance deficit. The city's sewer maintenance tax rate is limited unless an increase is approved by the council.

Auction License Fee Cut

Approved by the council was an amendment to the auction control ordinance, reducing the fee of an auctioneer from \$30 for the first day in a particular session to a fee of \$20 a year.

Alderman Partney said other business license fees range from \$25 to \$30 a year, and that the city was preventing auctions with the higher fee. Alderman Walter Nomm and Charles Moore recalled the original ordinance setting the higher fee was approved about two decades ago when 19th street merchants complained of outside firms coming into the city and conducting auctions.

Action was deferred on an amendment to the city zoning code to permit two-family and three-family houses in the first and second districts. The amendment to R-4 for the duplex dwellings and R-5 for the apartments, requested by HWR Development Co., was approved.

Deferment was requested by Sixth Ward Alderman William McGee and Casper Skalish. McGee said there was a petition signed by 103 residents of the neighborhood protesting the changes, and he wanted to confer with members of the City Plan Commission who had approved the change.

County Vice Raid Leads To \$500 Maximum Fine

Mrs. Josephine Giovando, 39, proprietor of the Topsy Canteen, formerly the Alibi Lounge, 9401 Collinsville road, pleaded guilty Monday afternoon at Edwardsville to charges of keeping a place for prostitution and was fined the maximum of \$500 and given one year's probation.

The arrest was made Feb. 23 by the sheriff's office. Mrs. Giovando entered her plea before Judge Joseph Barr and withdrew an earlier plea of not guilty. Mrs. Dorothy Thompson, 35, of East St. Louis, who also was arrested in the raid, had pleaded guilty March 30 to a charge of prostitution.

The sheriff had several witnesses ready to testify Monday afternoon.

GC Kiwanis Urged to Vote For School Bond Issue

The Granite City Kiwanis club was urged to support and vote for the school bond issue by William Herman Monday night at the Rose Bowl restaurant. Eighteen were present.

At the business meeting, plans were made for a barbecue June 7 at Leland Britt's house and for next week's inter-club meeting with the O'Fallon Kiwanis, at which the local group will be host. Harry Marshall presided.

GCAARC to Elect Officers Next Monday Night

The Granite City Association for Aged and Retarded Children will hold a monthly meeting Monday at 7:30 p.m. at St. John United Church of Christ.

Mrs. Georgia Coeague, president, will be in charge and offer a report by the nominating committee new officers are to be elected. There also will be a discussion of plans for the day camp for the children.

Loud Radio, Party

Police were called twice Tuesday night to quell disturbances in separate neighborhoods of Granite City. They went to the 2900 block of Iowa street about 9:30 to ask a man to turn down the volume on his radio and to the 4000 block of Kirkpatrick Homes about 10 o'clock to ask a group having a party to "tone it down." No arrests were made.

BIRTHDAY OPEN HOUSE

Tony Pettillo Jr., son of Mr. Dorothy Pettillo, 1628 Olive street, was honored on his thirteenth birthday with an open house celebration given by his mother Sunday.

The honoree was presented with a decorated birthday cake in yellow and white and many gifts from relatives and friends. A buffet table was decorated, using the cake as centerpiece, and the guests enjoyed cake and ice cream.

Madeleine Pettillo, Mr. and Mrs. Jordan Rapoff and son, Chris, Mr. and Mrs. Andrew T. Rapoff and children, Donna, Michael, Danny, David, Nancy and Andrew Jr., the maternal grandparents, Mr. and Mrs. Tony Rapoff, and other friends.

ASSOCIATION LUNCHEON

The Tri-City Hungarian Home Association held a monthly meeting Sunday afternoon at the Hungarian Home. The meeting was called to order by the president, John Kozar, following a short business meeting concerning the hall.

It was announced that there will be no meeting during June, July and August. The next meeting will be held in September.

A luncheon was served by the hostesses, Mrs. Anna Kuruz and Mrs. Dave Nagy, and games were played with prizes awarded to the winners.

Those present were Mr. and Mrs. Steve Kozar, Mr. and Mrs. John Kozar, Mr. and Mrs. George Mertz and daughter, Joanne, and Mrs. Joseph Yeves of Olive street, Mr. and Mrs. Joseph Yeves of Cedar street, Mr. and Mrs. Steve Kozar, Mr. and Mrs. Alex Kuruz, Mrs. Elizabeth Gazo, Mrs. Rose Nagy, Mrs. Berina Pettillo, Ann Barbo, Steve Kokocki, Mike Jubaz and members from St. Louis, Mr. and Mrs. Roland Mertz, Mrs. Frieze and Mr. and Mrs. Frank Burmann.

OUTING AT PARK

The Cayuga Temple has purchased a bus to take people to and from Sunday school, and the young people of the Temple went on an all-day trip Sunday to Pere Marquette Park. Each person took his lunch and spent the day, returning in the evening.

Mr. and Mrs. James Watt and Mr. and Mrs. David Reynolds chaperoned the group of 20.

PLAN CUB CIRCUS

The committee of Cub Pack 19 met at the home of Mr. and Mrs. Oliver Gilmore, 2749 Roosevelt avenue, Monday evening.

The meeting was opened by Assistant Cubmaster Gilmore and Cubmaster George Birdsong reviewed the May 23 pack meeting. It will be a cub scout quiz and hat show.

Plans were made for the June meeting to consist of a winter roast at Wilson Park, and Pack Four will compete in games against Pack 18.

Refreshments were served to Mr. and Mrs. Birdsong, Mrs. Jewel Weaver, Earl Adams and Gilmore.

Den mothers of Cub Pack 19 met at the home of Mrs. Elsie Whitehead, 2917 Roosevelt avenue, Monday morning. The den mothers planned summer activities, including a winter roast at Wilson Park in June, a watermelon social in July and a chicken supper in August.

Next meeting will take place Goodson, 2708 West 20th street. Mrs. Whitehead served refreshments to Mrs. Rena Birdsong, Mrs. Goodson, Mrs. Vivian Cundiff and Mrs. Gladys Murray.

SURPRISE PARTY

Augustine Torres, 835 Niedringhaus avenue, was honored on his birthday with a surprise celebration given by his wife, Becky, Monday evening.

The honoree was presented with a birthday cake decorated in white and topped with candles, and many gifts were received from relatives and friends.

The guests spent the evening singing Mexican melodies. Cake, ice cream and a variety of other refreshments were enjoyed by the following guests: Mr. and Mrs. Santito Ortega and children, Jim and Joe; Mrs. Maria Gonzalez and children, Beatriz, Lupe and Genevieve, Mr. and Mrs. Adolph Perez, Mr. and Mrs. Cecil Trajman and children, Mr. and Mrs. John Bracamontes and Mr. and Mrs. Torres and daughters, Annette and Yolanda.

First Attendat

Miss Sharon Hamilton was erroneously listed as a second attendant to the GCHS May Queen in picture captions in Monday's issue. Miss Hamilton was one of the two first attendants. She is the daughter of Mr. and Mrs. Chris Hamilton.

D.S.T., Friday, May 29th, 1964, in the offices of Sheppard, Morgan & Schwaab, Consulting Engineers, 2021 Edison Avenue, Granite City, Illinois, at which time all bids will be publicly opened and read.
The work will consist of drilling two (2) Municipal Water Supply Wells, furnishing and installing the necessary Deep Well Pumps and Motors, and all the necessary Piping, Valves, Electrical Wiring and Automatic Controls for the operation of the Marville Water Works all in accordance with the plans and specifications.
Instructions to Bidders, Form of Proposals, Plans, Specifications and Form of Contract may be examined at the office of Sheppard, Morgan & Schwaab, Consulting Engineers, 2021 Edison Avenue, Granite City, Illinois. Copies may be obtained from the office of the Engineers for a fee of \$15.00.
A bid bond, cashier's check or a certified check made payable to the order of the Village of Marville, Illinois in the amount of ten percent (10%) of the gross amount of the bid must be deposited by each bidder with his bid as guarantee that in case the contract is awarded to him, he will, within ten (10) days thereafter, upon receipt of written notice of award, execute such contract and furnish a satisfactory contract bond. Upon failure to do so, he shall forfeit the deposit not as a penalty, but as liquidated damages, and acceptance of the bid will be contingent upon the fulfillment of this requirement by the bidder. The checks or bid bonds of all excepting the three (3) lowest formal bidders will be returned within ten (10) days after the opening of bids, and remaining checks or bid bonds will be returned within three (3) days from the date on

which the executed contract and the required bond have been finally approved by the Village of Marville.

The successful bidder will be required to pay all laborers, the workmen and mechanics performing work under this contract, not less than the current prevailing rate of wages as has been determined by the Wage Determination decision of the Secretary of Labor which is on file in the office of the Village Clerk.

All proposals must be made on forms furnished by the Engineer.

The Village Board reserves the right to waive or not to waive any irregularities in the bids and to reject any or all bids and to determine which is the lowest and best bid for the improvement.

No bid may be withdrawn subsequent to the opening of the bids without consent of the Village Board for a period of thirty (30) days subsequent to the receiving and opening of said bids. By Order of the Village Board of the Village of Marville, Illinois.

JOHN DIROST, President of the Village Board. 34-5-21-29

Thieves Select Loot To Fit the Weather

Thieves were in tune with the weather this week in the Quad-Cities as thefts of an air-conditioner, a 12-foot boat and a power mower were reported to police. A belated theft report, however, listed the loss of a hat and coat.

Possibility of an air-conditioner theft from one of two vacant Lee Park homes acquired by the park district was being investigated today by Venice police. A patrolling officer found signs of forced entry at 7:30 a.m. today.

A 12-foot runabout boat with fiberglass hull, valued at \$100, was stolen the previous night from his rear yard, Charles M. Wood, 1738 Second street, informed Madison police Monday afternoon.

A 21-hp power lawnmower was taken within the last several days from his garage, Richard E. Peach, 1800 Second street, Madison, told police Tuesday afternoon.

SIU Receives Grant For Physics Equipment

A grant of \$13,520 has been received by Southern Illinois University from the National Science Foundation to be used for undergraduate instructional physics equipment at the Quad-Cities-Edwardsville campus of Southern Illinois University.

A like amount of funds will be provided by SIU and Kermit G. Clemans, head of the university's science and technology division, will direct the use of the grant which runs until May 1, 1965. Of the total, \$14,000 will be used for undergraduate honors research facilities and regular instructional equipment will be purchased with the remaining funds, Clemans said.

Poe Waives Hearing, Referred To Grand Jury

James D. Poe, 22, of 1648 Maple street, waived preliminary hearing on burglary and theft charges Wednesday and was bound over to the Madison county grand jury by Magistrate Gasparovic.

He was arrested May 11 in connection with a burglary that day at Smith's Bar-B-Q, 2726 N. Main, where he was being held on \$5000 property bond, was returned to the county jail. He also is awaiting trial on June 1 on an indictment charging him with burglary and theft at Johnson's Music store on Feb. 8 when a safe was stolen. He had been at liberty from a Missouri court on an appeal bond following a conviction there.

Lumber Co. Picketed At Horseshoe Lake

A large building being constructed by the 84 Lumber Co. of Pennsylvania, an apparent subsidiary of Paesetter Homes, Inc., of Pennsylvania, is being picketed by Teamsters Local 525 at a six-acre site along Illinois Terminal Railroad tracks off of Route 35 just west of Highway 111 on Horseshoe Lake.

Marshall McDuffy, union officer, said information pickets were set up as scales paid by the firm are below the average. A picket said the union has no dispute with any employers or employees working at the site and is making no appeal to them. He added that all crafts are represented and some youths are working.

Two Garage Fires

Granite City firemen answered two garage alarms Wednesday. One at 10:40 a.m. at the home of Russell Cox, 2800 Washington avenue, had a loss of \$300. The cause was unknown. The other at 2:25 p.m. was at an unoccupied home at 1744 Chestnut street where there was about \$100 damage to the roof. Firemen said burning rubbish was the cause.

Damage Light To Cars

Damage was light to the fronts in a collision of cars driven by Marlene Usher, 21, of Dupon, and Charles Welch, 39, of 2408 Delta avenue at 3:15 p.m. Wednesday at 20th street and Madison avenue. She was making a left turn, the accident report showed.

Two License Charges

James J. Norn, 32, of 4134 Rose avenue, was charged with driving with an expired driver's license and operating a motor vehicle without valid state license plates at 7 a.m. Wednesday at 18th street and Edison avenue. A hearing was set for June 6.

Parking Lot Accident

Cars driven by Adolph A. Tessary, 57, of 1827 Spring avenue, and Ralph Ham, 10, of 2038 Pontoon road, collided at 4:30 p.m. Wednesday on the parking lot of the Granite City Steel Co. blast furnace division.

Improper Lane Usage

Fred P. Prengel, 55, of 1713 Venice avenue, was arrested at 2:25 p.m. Wednesday at 2700 Madison avenue on a charge of improper lane usage. A hearing was set for next Wednesday.

COOLIDGE PTA TO INSTALL OFFICERS

The PTA executive board held a monthly meeting Tuesday evening at Coolidge Junior high school. The meeting was conducted by the president, Mrs. Elva Mae Spiceland.

The program for the regular PTA meeting next week will be presented by Mrs. Pauline Frazier, vocal music teacher, who will conduct several students. This will be the final program conducted by Mrs. Frazier, who will retire at the end of the current school term.

Installation of new officers will be conducted by Earl Lee, school district administrative assistant.

Awards will be presented to ninth grade students who made straight "A's" from September

1963 until January 1964.

A report on the book fair was given, and it was described as a success. An auditing committee was chosen to audit books before the September meeting. The committee is composed of Mrs. Kathleen Tadlock, Mrs. Betty Mobley and Mrs. Olivia Kuneman.

Those present were Lewis Sabin, Ralph Frohardt, principal, Frank Kraus, Mrs. Elsie Rodell, Mrs. Lois Haynes and those mentioned.

Senior Girl Scout Troop 224 gathered Tuesday evening at the Nameoki Presbyterian church. The girls had purchased books of chicken which they had delivered to various homes as a money-making project. The girls are working toward a trip planned for next year.

Discussed at the meeting were a campout scheduled for June 12, 13 and 14 in Marine, Ill., and an invitation to the wedding of Miss Charlotte Weiss, a member

of the troop. These present were Lauren

Stegle, Charlotte Weiss, Barbara Barton, Marilyn Bonedgar, Marie Burger, Nancy Benson, Debbie Slay, Merle Willis, Kathy McDonald, Deanna Harris and the advisor, Mrs. Mary Kay Stegle.

MRS. CONNORS HOSTESS TO RUTH BIBLE CLASS

The Ruth Bible class of Calvary Baptist Church met Tuesday at the church, with Mrs. Ruth Connors presiding as hostess. Opening prayer was offered by Mrs. Kate Stafford.

All present answered the roll call with Bible verses. The devotion for the day was given by Mrs. Hazel Brooks. After a brief business meeting, closing prayer was led by Mrs. Eunice Taylor.

A dessert luncheon was served to those named and Mrs. Sue O'Master. The next meeting will be on Tuesday, June 16.

BROWNIES HIKE TO WILSON PARK

Brownies of Troop 886, sponsored by the Nameoki PTA, hiked to Wilson Park Tuesday afternoon for a cookout. After they arrived, the girls formed patrols and made charcoal fires to cook hamburgers and French fries in aluminum foil.

Following the lunch, games were played and the group sang. The girls then hiked back to the school.

The leaders, Mrs. Carol Davis and Mrs. Billie Redler, were assisted by Mrs. Irma Arnold and son, Chuck. Mrs. Pat Maxwell, Miskelley, Pamela Hassler, Torrey Rice, Kathy Richards, Elaine Riddle, Peggy Davis and Patty Schiefke.

Chicago Banker Named President of IBA

A Chicago banker will replace Harold R. Fischer, president of the First Granite City National Bank, as president of the Illinois Bankers Association. He is John F. McCarthy, president of the Marquette National Bank.

The election took place during this week's annual convention of the Illinois Bankers Association at which Fischer presided.

In other action, the Illinois bankers again rejected banking with adoption of a policy "advocating that present or future attempts to change or interpret our state banking laws to permit branch banking, extension of holding company banking or any other form of monopolistic banking be opposed."

MORE ABOUT GC Grade School

(Continued from page 1.)

ture grade school is proposed at one-sixth cent.

The high school addition represents two and a half cents of 1/2% of the tax bill. The proposed junior-high school involves a six-and-a-half-cent higher rate and 1 1/2% more taxes.

The other 40 cents in the rate proposal, for the educational fund, represents an estimated 10 1/4% tax increase. Added to that, the education rate change and the five construction and projects amount to an estimated 32 cents of tax rate or 3 1/2% more than the current tax for schools, city, parks, townships, levee district, county.

There is no operating debt at present, but raises have been granted to all employees in contracts extending to June 1965. This, combined with staff expansion and other rising costs, is expected to bring about a resumption of borrowing next year.

Dudley Robertson, 51, Dies; GC Carpenter

Dudley P. Robertson, 51, of Glen Carbon, a former resident of Granite City, died at 1:15 p.m. yesterday at his home. He had been ill three months and hospitalized for a month recently.

A Granite City resident 28 years, Mr. Robertson moved to Glen Carbon two years ago. He was born in Dover, Tenn.

He had made a pamphlet as a carpenter in Granite City and was a member of the Carpenters' Local 633 and Masonic Lodge 858.

Mr. Robertson is survived by his wife, Alice; three daughters, Mrs. Sonia Belton, Killeen, Tex., and Misses Janice and Linda Robertson, both of Glen Carbon; four sons, Vernon of San Francisco, and Dudley Jr., Edward and John L. Robertson, all of Glen Carbon; two brothers, Garland of Madison, and Tom of Stewart County, Tenn.; three sisters, Mrs. Lillie Robertson, Granite City, Mrs. Tina Ragan, Trenton, Ky., and Mrs. Pauline Curatolo, Costa Mesa, Calif., and three grandchildren.

An obituary notice is given elsewhere in this issue.

Two Divorces Granted Today in Court Here

Two divorces were granted this morning in the Granite City division of the circuit court by Judge Austin A. Lewis presiding. The court session is concluding this afternoon.

Charging cruelty, Mrs. Mary Ann Martin was given a divorce from George Martin and awarded custody of two children with an allowance of \$140 a month. The couple was married in Granite City on Aug. 21, 1961.

Also charging cruelty, Mrs. Sally Harper obtained a divorce from Harold Harper. They were married April 5, 1953, in Granite City and separated last March. She was given custody of two children with an allowance of \$120 a month.

Cigar Causes Accident

As he was lighting a cigar while driving an auto north on Madison avenue at 19th street at 1:30 a.m. Wednesday, Martin A. Arberter, 35, of 3029 Washington avenue, lost control and struck parked cars owned by Sylvester Brian, 3604 R. H. street, and Harold J. Thick, 1905 Spruce street, and a parked truck owned by D. Johnson, 2609 Highway 67. All of the vehicles were damaged. Arberter was charged with careless driving.

Vandals Puncture Tires

Norma Grindstaff, 2126 Illinois avenue, reported at 6:10 a.m. today that on May 15 and last night vandals punctured three tires on her 1964 auto while it was parked under her carport.

Careless Driving Charge

Charles V. Crews, 34 of 2211 Bryan avenue, was arrested at 8:50 a.m. today at 22nd street and Madison avenue on a careless driving charge. A hearing was set for next Wednesday.

SOCIETY

Frohardt PTA
Favors All Tax,
Bond Proposals

The Frohardt school PTA voted Tuesday night to endorse all school bond issue and tax rate propositions to be voted on Saturday.

Joe Kaleta, president, opened the meeting and Girl Scout Troop 320 presented a flag ceremony and gave the pledge of allegiance, followed by the members singing "America." Homer Johnson read the PTA prayer. Reports were given by Mrs. Maxine Ellington and Alvin Barnes III.

Dan Linder, school board president, distributed pamphlets on the school bond issue election and gave a resume of the propositions.

William Coffman announced arrangements for the school picnic at Wilson Park May 26 at noon. Each student will receive five tickets to be used for refreshments.

The president appointed an executive committee composed of Raymond T. Jones, John Gagich and Francis Herman.

James and Mrs. Estelle Massie, delegates to the state PTA convention held in Chicago, gave reports. Jones had taken pictures of the meeting and showed them on a slide projector. Mrs. Massie had made a pamphlet which was distributed to the members. More copies are available to parents and may be picked up at the school.

Installation of officers for 1964-65 was held with Homer Johnson, Area PTA Council president, as installing officer. New officers are Gagich, president; Herman, vice-president; Jones, treasurer; and Mrs. Marlene Manogian, secretary. Each was presented with gifts.

Kaleta was presented with a past president pin by Johnson, who turned introduced Gagich, who spoke on the coming year, and listed projects planned.

Refreshments were served by sixth grade room mothers.

Charter to be Presented To Newport Jr. C. of C.

A charter will be presented to the newly-formed Newport Junior Chamber of Commerce, Madison, by Richard Bayer, state president of the organization, at an installation banquet 6 p.m. Sunday at Blair school cafeteria. Plans were made by Mrs. Mary

Poland, Lewis, PTA Council president, as installing officer. New officers are Gagich, president; Herman, vice-president; Jones, treasurer; and Mrs. Marlene Manogian, secretary. Each was presented with gifts.

Kaleta was presented with a past president pin by Johnson, who turned introduced Gagich, who spoke on the coming year, and listed projects planned.

Refreshments were served by sixth grade room mothers.

Auto Hits Sign, Trees, Hydrant, School Fence

John J. Harper, 37, of 3137 Ash avenue was charged with reckless driving and destroying public property at 1:50 a.m. Tuesday after his eastbound auto left Sixth street at Alton avenue and struck a fire hydrant, stop sign, two trees and 25 feet of the Harris grade school fence.

Sustaining damage to the left side and front, his car was towed to a garage. Harper, who was released on bond, said the steering apparatus broke, causing him to lose control of the vehicle. Water was shut off due to the damaged hydrant, and the street was temporarily barricaded.

TEA AT ANCHORAGE
BY CADETTE SCOUTS

Six girls of Cadette Girl Scout Troop 23 of the Wilson school PTA, completed work on the "challenge of social dependability" badge with a tea given for residents of the Anchorage apartments on Sunday, with Mrs. Doris Votaw and Mrs. Debra Schmitz assisting.

The scouts were in charge of the entire program, which included decorating the recreation hall at Anchorage, preparing and serving refreshments and entertaining with a play.

Scouts now entitled to wear the pin of the "challenge of social dependability" are Peggy Schmitz, Jane Munn, Paul Barnes, Diane Votaw, Linda Spangler and Edna Marler.

WILSON PTA TONIGHT

The regular meeting of the Wilson school PTA will be held tonight at 7:30. The program will be by the remedial reading teacher, Mrs. Helen Hunt.

Announcements will be made by Harold Brown concerning the new park road, Edgewood drive, and Dan Linder, president of the school board, will explain the bond issue.

Installation of PTA officers for 1964-65 will be held, and the sixth grade will have a display. The kindergarten room mothers will serve refreshments. All committees will give final reports.

Mrs. Roxie Tolbert, president, has presented the executive board with a decorated cake.

Mr. and Mrs. B. W. Ahrens and children, Patricia, Michael, Nancy and Debra, 2836 Edgewood avenue, visited Sunday with Ahrens' parents, Mr. and Mrs. Bert Ahrens and Mrs. Lydia Immenga of Chester, Ill.

GUESTS FROM FLORIDA

Mr. and Mrs. Stanley Watson, 2504 Willow avenue, and daughters, Paula, Pam and Paulette, had as weekend guests Mr. and Mrs. Arthur Driven of Florida. The Driven are Mrs. Watson's parents and are on a vacation. They left Monday to travel south to visit their children before returning to Florida.

A committee meeting at Club Pines, 122 was held Monday at Wilson school, with Clubmaster,

BAND-VOCAL CONCERT

AT CENTRAL SCHOOL

A band-and-vocal concert was enjoyed at Central junior high school Tuesday evening with Miss Vivian Hoffmeyer and Mrs. Deloris Barker in charge. A short PTA business session was held and the retiring president, James Hasty, introduced Earl Lee, who held an installation for 1964-65 officers. They are Mrs. Jane Wyatt, president; Mrs. Virginia Ahrens, vice-president; Mrs. Edith Niesporke, secretary; and Gene Slum, treasurer.

School Board President Dan Linder spoke on the bond issue. The program included vocal and instrumental arrangements by the band, girls' chorus and mixed chorus.

FIFTH BIRTHDAY

The fifth birthday of Greg Hughes was celebrated Monday with a party given by his mother, assisted by his grandmother, Mrs. G. F. Dean of Belleville, at Wilson Park.

Games were enjoyed and the group returned to 2216 Rim avenue for cake and ice cream. Each child was presented with a layette. Attending were the honored guest and Cindy Rodriguez, Edna Smith, Garth Wiedel and family.

Mr. and Mrs. Dan Miller, 2008 Sunbury avenue, and daughters, Joni and Shari, returned Monday from a three-day visit in Chicago, attending the wedding of Miller's brother, Harry Miller, and Jean McKinley. A family wedding and reception were held May 16.

UF Agencies Budget Hearing Dates Set

The Tri-Cities United Fund admissions and distribution committee last night set the week of June 15 to hold 1964 budget requests by the participating agencies.

The committee, headed by M. Freeman Wolfe, will conduct the sessions June 16 and 17 at the Granite City Trust & Savings Bank board room. The request then will be reviewed and a campaign figure will be submitted to the UF board.

Members of the committee met last night at the Grand Cafe.

Mr. and Mrs. Waldo Sizemore and Mrs. Waldo Sizemore Jr. and children, Sharon and Michael, were dinner guests on Sunday of Mr. and Mrs. Victor James of Granite City. The dinner was held following the confirmation of Sharon and Michael at St. Elizabeth Church.

REBEKAH LUNCHEON

Venice Rebekah Lodge 570 met Monday evening at the Odd-fellows hall. The noble grand, Mrs. Marie Zeigler, was in charge of a regular business session.

A dessert luncheon was served to Miss Luella McCall, Mrs. Edith Carpenter, Mrs. Mary Zeigler, Mrs. Martha Watson and Mrs. Thelma Johnson.

The Junior Girls Auxiliary met Tuesday afternoon at First Baptist Church with the leader, Mrs. Marie Zeigler. Scripture verses were read and the topic studied was "Missionary Work." Girls present were Brenda McDaniel, Theresa Griffin, Alice Nash and Barlene Byrd.

The Sunbeam band met Tuesday afternoon at First Baptist Church. The leader, Mrs. Gladys Nash, taught the lesson on missionaries in Argentina, and a creative period was enjoyed.

Those present were David and Dwight McDaniel, Ronda Huddle, Marilyn Denison, Robin Schneider and Joey Griffin.

RETURN FROM NEVADA

Mr. and Mrs. Homer Essington of Washington avenue returned home Sunday from a three-week visit with their son, Edward Essington, and a friend, Donald McLaughlin, in Las Vegas, Nev.

Cadette Girl Scout Troop 826 met Monday afternoon at the home of the leader, Mrs. Zelma Hart. A winner roast was enjoyed, and the girls received lodges.

Those present were Vickie and Sharline Hundley, Barbara Plattner, Barbara Thacker, Judy Johnson, Mary Tucker, Sue Sherry, Sue Schenriffs and Brenda Long. The meeting was closed with a "Time" prayer.

BRIDAL SHOWER HONORS MISS NANCY JOHNSON

Miss Nancy Johnson was guest of honor at a bridal shower held Sunday afternoon at the Odd-fellows hall.

Miss Johnson, of Princeton, Ill., will become the bride of Neil Ebersold, son of Mr. and Mrs. William Ebersold of Third street, on June 28.

Hostesses for the event were

Mrs. Irene Ebersold and Mrs. Jean Staff.

The hall was appropriately decorated in a bridal theme, with a bride doll on the gift table and a miniature bride at each place.

The afternoon was spent at games, and many prizes were awarded. Refreshments were served to approximately 40 guests from Princeton, St. Louis, Mount Olive and the Quad-Cities.

Mr. and Mrs. Roger Johnson and daughters, Linda and Nancy, of Princeton, Ill., were guests at the home of Mr. and Mrs. William Ebersold and sons, Neil and Jim, of Third street Sunday.

HOMEOWNERS MEET

The May meeting of the Homeowners' club was held Tuesday evening at the First Baptist Church. The president, Mrs. Mary Zeigler, conducted the meeting, and roll call was answered with Scripture verses.

A devotion was made for refreshments for the vacation Bible school. The class teacher, Mrs. Irene Todd, taught from the book, "Religious Liberty." The social hour followed and games were played, with prizes awarded to the winners.

A dessert course was served by the hostess, Mrs. Bernice Vandine. The above and Mrs. Maxine Fuller, Mrs. Juanita Beyer, Mrs. Gladys Nash, Mrs. June McDaniel, Mrs. Hassie Hilden, Mrs. Louise White and Mrs. Mary Anderson.

GRANITE CITY PRESS-RECORD
 MAY 22, 1914
 The Granite City real estate market has become unusually active. The Parkway addition to the city, beyond 24th street, is being opened. McCasland & Lyden will close out Granite Heights by giving away a house and lot Saturday. And there has been a good demand for lots in Inglewood II.

Memorial Day will be observed in Granite City, Madison and Venice churches next Sunday. Special services, together with appropriate musical features, are planned. The observance is being held in advance because Memorial Day falls on a Saturday this year.

There are but few veterans of the Civil War residing in the Tri-Cities, and no special services are to be conducted on Decoration Day on Sunday, however, dawn will find the heroes of the years of our country.

Niedringhaus M. E. Church, Rev. Charles A. Beckett will deliver a memorial sermon, and

The following items were taken from the files of the Granite City Press-Record

MONDAY, MAY 22, 1939
 Public grade and high schools in Madison will graduate 100 pupils during the coming week, it was announced today by Supt. E. W. Heck.
 Baccalaureate services for the 28 high school graduates, were held yesterday afternoon, with Rev. Harold Harsh, pastor of the Madison Baptist church, as principal speaker. Class day exercises were being held at the home of Mrs. W. J. Davis, with A. R. Beard, president of the Madison Institute of Commerce, delivering the address.
 Commencement exercises will be held at 8 p.m. Friday in the school auditorium. Principal R. Ogg will introduce the class and Frank Haisler, president of the board of education, will present the diplomas.

During the past year, which began May 1, 1938, the total cost of city government in Venice was \$25,883, according to the official report filed with the council Friday night by City Clerk Walter Canner.
 The report shows the total expenditures to have been \$408 less than the amount appropriated, and \$123 less than total received during the year.

Fifteen nurses in the St. Elizabeth School of Nursing received their diplomas, having completed three years of study, yesterday morning in the hotel Italia club.
 Mr. Michael Costello, pastor of Sacred Heart Catholic church, spoke and presented the diplomas to the girls. They were Gladys Boguski, Evelyn Chubb, Eleanor Gaudin, Velva Ann Dronne, Veda Lillis, Helen Kirtley, Albert J. Kirtley, Michael Luchman, Mary Miller, Lucille Holte, Edna Rine, Lucia Sauer, Dorothy Schaefer, and Mildred Troop and Madge Woodard.

Mrs. Arthur Buerke was hostess to a club party Friday afternoon at her home on State street. Mrs. Frank E. Buerke, Mrs. C. W. Holscher and Mrs. Jesse Brown excelled at bridge and received prizes. The club will meet in June with Mrs. Bryan Compton of Edison avenue.

Mr. and Mrs. August Lohman were hosts to their evening club Saturday at the American Legion. There were six couples present, and Mr. and Mrs. Harry Wendling and Mr. and Mrs. Thomas Sukup of St. Louis held high scores.

SAFEGUARD YOUR HEALTH

A PUBLIC SERVICE OF THE ILLINOIS STATE MEDICAL SOCIETY
HORRORS OF SMALLPOX THREATEN TO RETURN
 Smallpox—long written off as a disease of the past—is fast becoming a national danger again. There is still an appreciable number of smallpox cases in many parts of the world, and the threat of a new outbreak is always present. It is a disease that can be prevented by vaccination. If you have not been vaccinated since then, you are in danger. The disease is highly contagious and can be spread by direct contact with the infected person or by contact with their clothing or bedding. It can also be spread by the air. The disease is often fatal, and even if it is not, it can leave a person with serious scars. Vaccination is the only way to protect yourself and your family. The Illinois State Medical Society is urging everyone to get vaccinated now. It is a simple procedure and can be done at a doctor's office or a health department. Don't wait until it's too late. Safeguard your health today.

Granite City School Tax Levy And Bond Proposals Premature And Unrealistic

The Press-Record is a firm believer in good schools. Twice since 1952 this newspaper has strongly supported multi-million dollar bond issues for new buildings, as well as higher taxes to adequately staff them.

But, in our opinion, only two of the proposed five bond issues to be voted on Saturday should be passed at this time, and the 40c educational tax levy should be defeated, to be submitted again at a much reduced rate. This will meet the needs of the school district, based on its own enrollment projection, for the next three to four years. (An enrollment chart appears on page one in this issue.)

The two bond issues recommended for passage are:

Proposition I—New grade school and site—\$500,000.
 Proposition III—Ninth grade school addition—\$600,000.

The district's only substantial overcrowding, according to the chart, is in the elementary schools and the \$600,000 construction program will correct this condition at a tax cost of 3c compared to 12c for the proposed five bond issues totaling \$2,300,000.

The senior high school enrollment problem is marginal for the immediate future; while it must be met, this \$500,000 outlay might well be temporarily deferred for review later in order to achieve greater correlation with other school units.

There is no case at all for the \$1,300,000 new junior high school proposition. The existing junior high school buildings are far below capacity and four years from now will be only 90% occupied. The Press-Record believes that much can be gained by the school system and citizens alike in scaling down the overall bond issue propositions and the educational tax increase. Both should undergo re-appraisal in years hence, when they can be considered in the light of more accurate data and current circumstances.

During this two-year interim period, the Illinois legislature will have met, and, historically, it has increased state aid each biennium. That means so many school districts already seriously studying four-quarter, year-round operation (this would enable present buildings to accommodate up to one-third more students), it is virtually certain that the General Assembly will remove existing financial restrictions.

And there may be other developments impossible to take into account now, but which could alter the difference between a right and a wrong school board decision in locating or expanding a building.

While the \$728,000 yield from the proposed 40c educational tax levy is a good thing, it is a questionable for new teachers in the next few years, some increase is necessary. Granite City taxes have never balked at paying higher school taxes when shown there is a need.

We sincerely believe that the school system can continue its academic mission on the same excellent basis as heretofore by voting "Yes" on the two grade school building propositions, and by approving a lower educational rate, possibly in the 20c to 25c range. If a review of conditions two years hence indicates larger needs, an election can be held and the requirement met in ample time.

Whatever you vote on Saturday, in this important matter, be sure and vote Saturday.

You are today where your thoughts have brought you; you will be tomorrow where your thoughts take you. You cannot escape the result of your thoughts.

make sure that your immunity is high. Medical authorities will tell you to get re-vaccinated every five years and always before you depart for a trip abroad.

Test Of Immunity
 How do you know whether you're protected? The results of a "test" taken from inoculation of the smallpox vaccine are classified into three categories:

1. "Primary" vaccination means that you had no immunity at all. The vaccine injection first creates a smallpox which becomes a blister and then a crusted sore. The scab falls off leaving a hole in the skin and a permanent scar.
2. "Accelerated" vaccination means that you had some immunity. The reaction is the same as that of the "primary" reaction but it doesn't last as long and the eruption is less severe.
3. "Immune" reaction consists of a very small sore which develops and disappears much quicker than the previous two.

Don't mistake this last "absence" of a reaction for immunity. Remember that your doctor is the one who should interpret your reaction to smallpox vaccine.

You can prevent the terrors of smallpox by getting vaccinated in this country to strike you. See your doctor to get vaccinated and then follow through with him to make sure you're protected.

Parallel
 It's impossible to make both ends meet when they are traveling in the same direction.

Fluoridation Approval Brings Area Nearer Dental Benefits

Adoption of a water fluoridation ordinance by the city council carries out the 1961 mandate of Granite City voters. It also puts the local community solidly on record authorizing the water company to begin the program which reduces future tooth decay. Madison area cities have consistently proven elsewhere that it prevents 60% of the dental problems that otherwise would have developed. Fluoridation represents a tremendous advance toward avoiding the cost, suffering and related health problems associated with poor teeth.

Next question is how soon fluoridation can become a reality for Quad-City families. This could be a considerable length of time—unless the water firm revamped its water distribution system—since Belleville and Swansea have not given their approval of fluoridation. With no separation in the water circulated throughout the group of about 20 communities, unanimous authorization is sought.

Two steps seem to be indicated:

1. A re-study of the fluoridation issue in the Belleville-Swansea area, since the lack of approval not only denies the use of fluoride to residents there but nearly the entire Illinois Metropolitan Area population.
2. New thought by the East St. Louis & Interurban Water Company to meet the many municipal requests for fluoridation.

Despite the hurdles still ahead, this week's affirmative action in Granite City is a giant stride forward in the advancement of dental health and in the competition with other communities for new residents.

Street Paving A Sound Way To Spend Part Of Madison Bridge Surplus

Decisions on use of Madison bridge surplus funds may be difficult, due to the many potential worthy projects, but city officials have chosen wisely in allocating part of the available money to street construction.

Complicated by the installation of sewers in recent months, numerous streets have deteriorated. The plan which has just been approved would prevent such a situation for the foreseeable future, since paving would be done on a shift basis at 7 a.m. and will last, for some of the shop classes, until 6:30 p.m.

2. Coasting junior high school will be overcrowded by 300, and classes on the shift basis will be held from 7 a.m. and last until 5 p.m.

3. Frohardt will be overcrowded by 150 and Niedringhaus by 100. These are elementary schools in which reading is taught. It is a proven fact that where overcrowded classrooms exist, quality education suffers.

It is also true that if a young child deprived of the right to learn to read properly, he is usually handicapped for life.

If the bond issue fails, it is going to work a hardship on the school employees and pupils. But we must have building room to pay their taxes and part of the other fellows' taxes too. It is a hard thing to think of a better time than right now.

For many years in the past, it has been an open secret that neither of these two townships pay their fair share of school taxes. But for the last year, it has been common knowledge, especially since the Granite City tax assessor made a public statement to that effect a few months past.

I have talked to several real estate men in the area who claim that these two townships pay from 36% to 40% value on their property, but have not paid a cent of taxes for years. I know of some property for which he would like to pay four times what is assessed.

There certainly is some official in this county that has the responsibility of looking into this matter and, if found to be correct, then to take the necessary steps to remedy the situation.

I, for one, know the sting of over-taxation. At one time in the past the property taxes in my home were taxed at 60% as it is now, my home was taxed at a figure that, if it had been levied on it, I could not have paid it at that price.

Happily, I got it adjusted.

Take Time To Live

It has been said here before, but bears repeating at such a time of the year as now:

Take time to live; it is one secret of success. Take time to think; it is the source of power. Take time to play; it is the secret of a happy life. Take time to relax; it is the foundation of knowledge. Take time for friendship; it is the source of happiness. Take time to laugh; it helps to lift life's load. Take time to dream; it hitches the soul to the stars.

You are never so near victory as when defeated in a good cause.—H. W. Beecher.

Tourism Should Be Expanded But Already Is Substantial

Florida and similar areas are usually thought of as dominating the tourist business, but it is hard to find a state that does not attract many vacationing families. But best Illinois despair, this state already is attracting 13 million visitors annually to its 100 state parks, 30 historic memorials and 13 conservation areas.

With the countless other instances of tourism, it seems clear that recreational and business travel are contributing substantially to the present Illinois economy.

Anything that can be added in the way of cultural, educational and scenic attractions, plus improved promotion of what the Quad-Cities and Illinois already have to offer visitors, can bring about increased business and job opportunities. There are outstanding facilities and points of interest, tourists are sure to follow.

Schools' Viewpoint On Election

Questions and answers prepared by the Granite City school district and its citizens' committee on Saturday's bond issue and tax referendum:

1. "How is the present tax dollar spent?" 76% for the educational fund, 11% for building fund, 10% for bond and interest fund, 2% for municipal retirement, 1% for fire and police transportation fund.

2. "What will happen if we don't move now?" At present time, we have building facilities for 10,887 pupils (based on recommended capacity) and a pupil enrollment of 13,088. This represents an overcrowded condition of 2,081 pupils. Since 1950, the school population has increased from 5,400 pupils to 13,088 pupils. At present, we have 1,107 pupils in an anticipated enrollment of 2,000 pupils for September 1964.

3. "Proposed cafeteria—The proposed cafeteria and six to eight rooms to the senior high school will provide immediate relief. Otherwise, classes will not be scheduled from 7 a.m. to 5 p.m. Instead of 8 a.m. to 3:30 p.m. Classes will continue to be overcrowded and pupil programs will be curtailed. The present 50% of the pupils are taking five subjects or more—the standard load is four subjects.

4. "Proposed junior high school—A new junior high school is needed to provide immediate pupil relief. The present Junior High (Coolidge) has facilities for 1,327 pupils; the anticipated enrollment for September 1964 is 1,800 pupils per year. Without a new junior high school, pupils will be crowded into some classes from 7 a.m. to 5 p.m. instead of the normal 8 a.m. to 3:30 p.m. Curriculum offerings will be curtailed and classes would increase in size.

5. "Proposed elementary school—Elementary school sites are increasing at the rate of 6% per year. The present Frohardt school has had 1,000 pupils in 1957. The anticipated enrollment for September 1964 is 1,817 pupils. At the present time, three classes are being held in a nearby church. Unless a new elementary school can be built in the area, the classes will become more overcrowded and additional classrooms must be rented.

6. "Proposed addition to Niedringhaus elementary school—This area is a need pupils. The anticipated enrollment for September 1964 is 530 pupils. This area is a need pupils. The anticipated enrollment for September 1964 is 530 pupils. This area is a need pupils. The anticipated enrollment for September 1964 is 530 pupils.

7. "Why do we need a forty-one percent increase in the educational tax?" The present educational fund tax limit of \$1.75 was approved by the voters in 1957. Since that time, 128 classrooms have been constructed and staffed. An additional 100 classrooms have been supplied with textbooks, furniture and other educational materials. In addition, a salary schedule has been adopted. The school district needs additional money to staff the proposed new schools and add-

APPROVAL OF SCHOOL BOND, TAX PLAN URGED TO THE EDITOR:

On Saturday, May 23, the citizens of Granite City School District Nine will be asked to approve a bond issue of \$2,300,000 which will permit the district to build additional classrooms needed to meet our increased enrollment.

They will also be asked to increase the educational fund from \$1.75 to \$2.15, an increase of 40 cents, to staff these buildings and to supply them with the necessary educational equipment, materials and supplies.

It is estimated that \$300,000 will be needed to staff and supply these buildings. This represents part of the 40 cent increase. The rest is to be used as the school board determines the needs over the future years.

This is a tremendous amount of money, but we can afford to say, "No." I think not.

My reasons for supporting the bond issue and the tax increase in the educational fund:

1. The high school will be overcrowded by 900 students. This means that classes will be held on a shift basis at 7 a.m. and will last, for some of the shop classes, until 6:30 p.m.
2. Coasting junior high school will be overcrowded by 300, and classes on the shift basis will be held from 7 a.m. and last until 5 p.m.
3. Frohardt will be overcrowded by 150 and Niedringhaus by 100. These are elementary schools in which reading is taught. It is a proven fact that where overcrowded classrooms exist, quality education suffers.
4. It is also true that if a young child deprived of the right to learn to read properly, he is usually handicapped for life.
5. If the bond issue fails, it is going to work a hardship on the school employees and pupils. But we must have building room to pay their taxes and part of the other fellows' taxes too. It is a hard thing to think of a better time than right now.
6. For many years in the past, it has been an open secret that neither of these two townships pay their fair share of school taxes. But for the last year, it has been common knowledge, especially since the Granite City tax assessor made a public statement to that effect a few months past.
7. I have talked to several real estate men in the area who claim that these two townships pay from 36% to 40% value on their property, but have not paid a cent of taxes for years. I know of some property for which he would like to pay four times what is assessed.
8. There certainly is some official in this county that has the responsibility of looking into this matter and, if found to be correct, then to take the necessary steps to remedy the situation.
9. I, for one, know the sting of over-taxation. At one time in the past the property taxes in my home were taxed at 60% as it is now, my home was taxed at a figure that, if it had been levied on it, I could not have paid it at that price.
10. Happily, I got it adjusted.
11. If the bond issue fails, it is going to work a hardship on the school employees and pupils. But we must have building room to pay their taxes and part of the other fellows' taxes too. It is a hard thing to think of a better time than right now.

AGAINST BOND ISSUE DUE TO UNEQUAL ASSESSING TO THE EDITOR:

I would like to make some comments on the coming May 23 Granite City school bond election.

First of all, I want to make it clear that I agree that we need more classrooms and more buildings to take care of the increasing enrollment. I agree that we need more classrooms and more buildings to take care of the increasing enrollment. I agree that we need more classrooms and more buildings to take care of the increasing enrollment.

But I don't agree that we should increase the educational tax from \$1.75 to \$2.15. I think that is a very high tax increase. I think that we should look for other ways to raise the money we need for our schools.

I think that we should look for other ways to raise the money we need for our schools. I think that we should look for other ways to raise the money we need for our schools.

I think that we should look for other ways to raise the money we need for our schools. I think that we should look for other ways to raise the money we need for our schools.

GC Steel Solving Crosswalk Hazard On 20th Street

An excellent solution to pedestrian crosswalk problems across 20th street at the Nash street gate to Granite City Steel Co. was the praise given mill officials by the city council Monday night.

A resolution is to be prepared to give the steel mill permission to install an electric traffic signal at the marked crosswalk.

It is to have red, yellow and green lights to control vehicular traffic and also lights for pedestrians. The signals will be activated by push buttons at the curb and also will be synchronized to turn red when the rail crossing warning lights flash.

The crosswalk was the scene of a fatal mishap several months ago when a worker crossing 20th street was struck and killed by an auto.

Officers of the steel mill, United Steelworkers and city have had several conferences with state highway officials to work out the solution.

Jefferson Memorial Expert to Speak Here

A program on the development of the Jefferson National Expansion Memorial on the St. Louis riverfront is to be presented to Granite City Rotarians next Tuesday by G. Edward "Gus" Budd, who is public information officer, National Park Service, U. S. Department of Interior.

Arrangements for his appearance before the club were made by Eugene L. Aiasa, supervisor of art education in the Granite City school system. Budd will discuss the biennial celebration as well as the development of the Gateway Arch and memorial and will show picture slides of the development.

Aiasa also announced the ceramics classes of GCHS have made surprise gifts which will be distributed to the Rotarians present for the weekly luncheon at the YMCA.

State Report for 1963

Drivers 20-24 Years Most Accident-Prone

Illinois drivers in the 20 through 24 year age bracket have a disproportionately higher percentage of accidents than any other age group. Secretary of State William H. Chamberlain said today at Springfield.

The statistics are based on the 1963 summary of motor vehicle accidents published by the Department of Public Works and Buildings and on data in the files of the drivers license division of the Secretary of State's office.

The 20 through 24 year group represents 10.97% of Illinois drivers, but is involved in 14.97% of all accidents, or 4% more than its driver representation. The same group is involved in 18.13% of fatal accidents, a difference of 7.16%, and 14.97% of less involvement in drivers than their driver representation. They represent 2.24% of drivers, but 1.73% of fatal accidents and 1.25% of all accidents resulting in injury.

The second highest group for all accidents includes drivers from 25 through 34 years of age, who represent 20.50% of drivers and are involved in 23.22% of accidents, a difference of 2.72%.

This group, however, shows 39% less involvement in fatal accidents. For accidents resulting in injury, it shows 2.26% more involvement.

Beginning at age 35, drivers show less involvement in accidents of all types than their driver representation, with only one exception. Drivers over 75 years of age represent 1.31% of drivers and are involved in 2.05% of fatal accidents.

Among other teen-age drivers, 15-year-olds represent 21% of drivers, are involved in 22% of all accidents, 36% of fatal accidents.

Year-old drivers show less involvement in accidents than all accidents, 36% of fatal accidents.

Paul L. Sackett, 26, of 1505 Second street, Madison, was fined a total of \$130, including costs, after pleading guilty to four charges before Magistrate Gasparovic Tuesday morning. Included were \$25 and costs for speeding, \$25 and costs for driving with an expired license, \$10 and costs for violation of a driver's license restriction and \$50 and costs for disobeying an officer. He was arrested at 1 a.m. Saturday at Nieldingham and Madison avenues.

Gradual Use of New School Tax Predicted by Johnson

The 40-cent educational tax rate increase sought from Granite City school district voters Saturday would not be fully utilized for six to eight years, Russell D. Johnson predicted to Granite City Rotarians Tuesday. He has named school superintendent effective July 1. While the combined theoretical rate increase approaches 32 cents—40 cents for education and 12 cents for bonds—retirement of present bonds will ease the overall school tax rate in future years, he pointed out, adding that the increase will not reach 52 cents in any year. Johnson pledged economical operation of the Granite City school district, and said U.S. schools eventually will adopt 12-month operation because it is not economically feasible to operate facilities three-fourths of the time, in view of the large capital investment.

4 Stop Intersections Ok'd — 3 on Hall Street

Ordinances establishing four stop intersections, including three along Hall street, were approved Monday night by Granite City council members. The stops along Hall street will be at East 24th, East 25th street and at Lincoln avenue. The other stop sign will be on 24th street to halt eastbound traffic at Iowa street.

Car Backs Into Truck

A car being backed out of a driveway by Kathryn Kohlhauff, 2842 Madison avenue, struck a Federal Oil Co. truck driven by Harry Counts, 37, of 2644 Grand avenue, Monday at the Madison avenue address. The rear of the car was damaged.

\$25,568 April MFT

Motor fuel tax allocations for the Quad-Cities amounted to \$25,568 for April, it was reported this week at Springfield. Of the total, \$19,586 goes to Granite City, \$3353 to Madison and \$2629 to Venice.

Claims Car Hit Her

A pedestrian, Therese Hahn, 57, of 2208 Washington avenue, told police about 1 p.m. Monday that a car had hit her at 22nd street and Madison avenue. The driver and a witness said the car missed her. There was no report of hospital treatment.

Nameoki Township Seeking Grant for Treatment Plants

Nameoki town board members have received an application from the state Sanitary Water Board at Springfield where such forms are processed before being forwarded to the federal government.

Briggs said he had no estimates on the cost of sewage treatment facilities, but should be able to get sufficient data from the engineering firm of H. W. Johnson, Inc. in time. The township is seeking a \$15,000 preliminary planning grant for the sanitary system. Appointment of four deputy collectors for this year's tax collection was approved by the board on the recommendation of Tax Collector Gene Rotter. The deputies will be Mrs. Irene Karchick, Mrs. Nancy Rosales, Mrs. Frieda Ballew and Mrs. Dorothy Nommings.

Briggs was instructed by the board to determine if a dumping ground off Route 111 near Interstate 70 is in Nameoki township and if it can be cleared. Briggs said it is possible the dump might be on levee district right-of-way and in St. Clair county. He is to ask the levee district for a survey of the property to set its location.

Trouble On Wings Hits Young Driver

Troubles for George R. Toburen, 16, of 1553 Johnson road, came on a pair of wings Monday night. As he was driving north on Delmar avenue about 9:30, a moth flew into his car and buzzed around his head. His attention was diverted, and he struck a car owned by Milton E. Hays, Jr., Pagedale, Mo., parked at 2516 Delmar. Toburen, who was injured, was charged with careless driving.

Three-Car Accident

A car driven north on Edison avenue by Frederick T. McColegan, 21, of 2252 Lee avenue, struck the right rear of an auto driven by Cyril Johnson, 41, of 2316 Harding avenue, and then bounced into the side of one owned by Herbert J. Slebert, 27, of 59 Jerome court, which was parked at 2107 Edison avenue at 2:35 p.m. Monday. It was reported to police. All three vehicles were damaged.

CHEVY II by Chevrolet Go on an economy drive this vacation

Sure you can just about run a Chevy II on peanuts. But don't let its economy fool you. This family car can take the whole gang along on any trip you want to make. In plenty of comfort and a whole lot of style. Its range of power makes fun out of turnpikes and mountain roads alike. (Makes each gallon of gas work overtime, too!) Inside, a Chevy II Nova is tailored for travel. Child-proof upholstery, trip-size trunk and glove box, dual sun visors and deep-twist carpeting are just a few standard features.

erator, self-adjusting brakes, long-life muffler and self-cleaning rocker panels that help prevent rust by flushing out salt and other corrosives.

There's a Chevy II for everyone—sedans, wagons and sport models. A price for everyone, too. Because now is Trade 'N' Travel Time at your Chevrolet dealer's. Time to get the most fun from your new car and make a great deal on your old one!

Of course you're not supposed to be so practical when you plan a vacation. But being this practical won't spoil a bit of the fun. Should add to it, in fact, for the rest of the year. And that's about fifty weeks' worth. Every year.

Graduation Exercises Set For 32 Seniors at VHS

By EVIE RITZ

Venice high school will hold baccalaureate services for 32 seniors at 2 p.m. Sunday in the grade school gym and graduation ceremonies are set for 8 p.m. May 28, also in the gym. It was announced by John Pier, superintendent of schools.

Rev. Jerry McDaniel, pastor of the Venice Baptist Church, will be speaker for the baccalaureate services; and Rev. Basil M. Butchko, pastor of the Holy Assumption of Blessed Virgin Mary Russian Orthodox Church, will give the invocation and benediction.

The high school chorus will sing "Bless This House," "How Great Thou Art" and "I Walk With Thee." The band is scheduled to play "Allegro Adagio."

At the high school graduation, Dr. Ralph A. Meeker, speech professor at Southern Illinois University, Carbondale, will deliver the address. He will be introduced by Pier.

Michael Leatherman Jr., president of the school board, will present the seniors their diplomas and the Venice Women's club will award a scholarship to an outstanding student planning to attend college.

Rev. R. C. McCarthy, pastor of St. Mark's Catholic Church, will give the invocation and benediction.

Valedictorian Named
The high school valedictorian is Mary Margaret Caruso, daughter of Mr. and Mrs. Clifford Caruso, 733 Broadway, Venice. She has been active in the Junior Red Cross for four years, in the high school chorus for three years, in the Booster club for a year and in band for three years.

This year she received the Daughters of the American Revolution award and is on the "Great Think Art" and "I Walk With Thee" while the band is scheduled to play "Allegro Adagio."

The high school salutatorian is Jackie Lake, daughter of Mr. and Mrs. Louis Lake, 1015 Second street. She is president of the Booster club, is secretary of the student council and has been a member of the Future Home-makers of America for four years.

Graduates Listed
Other members of the class rate services are set for 8 p.m. Sunday in the school's auditorium. Madison will graduate 100 students at commencement exercises.

Cadillac

HOW TO FIT A CADILLAC INTO ANY BUDGET

No matter what you plan to spend on your next car, you need look no further than your nearest authorized Cadillac dealer.

For the cost of a Cadillac can range all the way from the five-figure price of the nine-passenger limousine to a used Cadillac that will lend elegance to even a relatively modest expenditure.

Consider the four different Cadillac models shown here.

All these splendid motor cars, regardless of age or previous service, are automobiles you can own with pride and drive with pleasure.

All bear the unmistakable distinction of Cadillac styling, year after year after year. All will give you the Hydra-Matic Drive, power steering, power brakes and many other items of equipment that are extra even today on most new cars.

And you enjoy the distinction of Cadillac styling and the respected character of the car itself.

Because the new 1964 model is selling at an all-time high, most dealers have the widest and most tempting selection of almost-new Cadillacs in their history.

There never was a better time to give Cadillac distinction to even a modest budget.

HOW TO FIT A CADILLAC INTO ANY BUDGET

No matter what you plan to spend on your next car, you need look no further than your nearest authorized Cadillac dealer.

For the cost of a Cadillac can range all the way from the five-figure price of the nine-passenger limousine to a used Cadillac that will lend elegance to even a relatively modest expenditure.

Consider the four different Cadillac models shown here.

All these splendid motor cars, regardless of age or previous service, are automobiles you can own with pride and drive with pleasure.

All bear the unmistakable distinction of Cadillac styling, year after year after year. All will give you the Hydra-Matic Drive, power steering, power brakes and many other items of equipment that are extra even today on most new cars.

And you enjoy the distinction of Cadillac styling and the respected character of the car itself.

PHYLIS DANIEL, daughter of Mr. and Mrs. Leroy Daniel, New Douglas, former Granite City residents, will be valedictorian of her eighth grade class when she graduates next Tuesday from the A. J. R. Jayceettes Plan For Homecoming

A board meeting of the Jayceettes was held Monday evening in the home of Mrs. Donna Wetherhold, 2638 Benton street. Plans were made for a game stand at the annual Jaycee homecoming in August, and May 25 was the date set for a dinner meeting and election of officers. The new officers are to be installed June 27 together with the Jaycee officers.

Plans were also made for a meeting June 29 in the restaurant of the home of Mr. and Mrs. Alvin Barnes III, 3400 Franklin avenue, with the husbands as guests. A guest speaker also will be present.

Refreshments were served by the hostesses to Mrs. Marcelle Barnes, Mrs. Betty Young, Mrs. Betty Lake and Mrs. Joann Miles.

Coterie Elects Officers; Mrs. Haug is New President

Officers for the 1964-65 season were elected by the Ladies Coterie at the final meeting of the season Tuesday afternoon at First United Presbyterian Church.

The new officers are Mrs. Fred Haug, president; Mrs. E. E. Chapman, vice-president; Mrs. R. K. Barney, secretary; Mrs. David Friedman, assistant secretary, and Mrs. Evan Griffith, treasurer.

The installation ceremony was conducted by Mrs. Frederick Habbegger of Highland, immediate past county president.

Mrs. Fred Niles was hostess to the club and a dessert course was served before the meeting conducted by Mrs. Harry T. Lewis, the retiring president.

Mrs. Lewis is leaving soon with her husband to reside in Florida, and she was presented with a gift from the club by Mrs. Chapman, together with the best wishes of the members.

The regular meeting of the Coterie will be resumed again early in the autumn. Twenty-five were present at Tuesday's meeting, including the guest, Mrs. Habbegger.

Reading is Gaining Ground in GC, Library Report Shows

Granite City's public library showed gains in circulation, number of patrons and number of volumes during 1963-64, according to the annual report filed this week with the city by the librarian, Mrs. Mary Gene Knutke.

Further strides are expected within the next few weeks, when the new quarters for the children's department will be opened on the ground floor (formerly the auditorium) to provide additional space for reference and other materials on the main floor.

Mrs. Knutke pointed out a total patronage of 25,611 cardholders, including 16,083 adults and 9,528 children. The 1963-64 circulation was 268,257, or an average of about six books for every man, woman and child in the city.

In addition to the 268,257 circulation of books, the library also circulated 775 recordings and 150 maps.

Expenditures
Expenditures during the past fiscal year amounted to \$86,261, having a balance of \$52,995 in the library fund. The disbursements included \$41,760 for salaries, \$4,102 for student help, \$9,410 for janitor salaries, \$12,169 for books, \$662 for periodicals, \$823 for recordings, \$748 for utilities, \$841 for heat, \$791 for insurance, \$607 for repairs and improvements, \$1350 for furniture, \$1777 for supplies, \$350 for telephone, \$30 for travel, \$1158 for binding and \$3790 for razing the old church building and improvement of the lot for parking.

While the library board has no immediate plans for the property at 20th street and Cleveland blvd.—now being used for parking since the old German Methodist Church was razed—it is expected that the library building may have to be expanded in the future. The board also is planning to add a second bookmobile.

Mrs. Mary Gene Knutke, librarian; Mrs. Sarah Schroeder, assistant; Miss Lucille Georff, cataloger and reference librarian; Mrs. Wella Mawdsley, children's librarian; Mrs. Joyce Walters and Miss Louise Hendricks, assistant librarians; Mrs. Madeline Minnick, bookmobile librarian; Charles Johnson, custodian; John Foster, bookmobile driver and clerk; and Richard Hargrove, assistant custodian. Members of the library board and the years their terms expire follow:

Gerald Walters, president, 1965; Lawrence McCaulley, 1964; J. P. Jordan, 1964; Mrs. Henry Luaders, vice-president, 1964; George Piloff, sec., 1965; Alderwoman Gabrielle Betnee, 1965; Mrs. Amos Rose, 1966; Fred P. Schuman, 1966.

CD Warning Devices To Be Tested June 2

In compliance with a state City 111 Defense directive, Granite City CD Director Victor Koenig announced this week that all CD public warning devices will be tested once a month — on the first Tuesday of each month at 10:30 a.m.

Koenig said the order was received from Col. Donovan M. Vance, Illinois CD director, and the warning devices to be utilized here are factory whistles. The first test is to be made June 2, under arrangements being made by William Hoelscher, executive secretary of the Manufacturer's Association of the Tri-Cities and industry coordinator for the Granite City Civil Defense.

There is one exception to the test timing. "When weather or other conditions make it necessary to test warning devices more than once a month, the 'growl' (very short periods of activation) method should be used for the extra tests," the state directive states.

James Moad in Week Of Army Training Tests

Army Specialist Four James A. Moad, son of Mrs. Mae Moad, Venice Homes, Venice, participated with other members of the 310th Artillery's Third Battalion recently in a week of annual training tests (ATT) at Camp Saint Barbara, Korea.

Specialist Moad, a member of the battalion's Headquarters Battery on Okinawa, entered the Army in 1959 and arrived overseas in February 1964. The 22-year-old soldier attended Madison high school.

Pvt. Sabol Assigned At Fort Riley, Kan.

Army Pvt. Leonard A. Sabol, son of Mr. and Mrs. Andrew P. Sabol, 1014 Alton avenue, Madison, has been assigned to the 1st Infantry Division at Fort Riley, Kan.

Sabol, a cannoner in Battery B, 1st Battalion of the division's 5th Artillery, entered the Army last January and received basic training at Fort Leonard Wood, Mo. The 20-year-old soldier attended Madison high school and was employed by Tri-City Grocery Co.

Outdoorsman to Speak For Girl Scout Council

Outdoor editor of the Globe-Democrat, George W. Carson, who will be guest speaker for the River Bluffs Girl Scout council's luncheon meeting to be held Monday at the Lewis and Clark restaurant, East Alton.

Mrs. Eubank said that by laws of the council will be approved at this meeting and reports given by members on the board.

Carson, a former public relations director of the St. Louis Browns and general manager of the St. Louis Flyers hockey club, attended Fordham University in New York City and was graduated from St. Louis public schools.

Interested in hunting and fishing over the past 25 years, he won the national conservation award in 1954, the 1956 outdoor writers' award and the North American outdoor writers award.

Three From Quad-Cities In Exercise 'West Wind'

Army Cpl. Alvin L. Valentine, son of Mrs. Emma L. Jimerson, 1028 Logan street, Madison, Army Pfc James J. Dickerson, whose wife, Ruth lives at 2421 Bryan avenue, and Army Pfc Ronnie P. Pigg, son of Mr. and Mrs. Silver W. Pigg, 2440 Ohio avenue, all participated recently in exercise "West Wind," a joint Army-Navy-Marine Corps amphibious operation on the Hawaiian island of Molokai.

More than 6,000 troops of the 25th Infantry Division took part in the exercise.

Arthur Clark stands in front of the mechanized feeding system that automatically brings balanced rations to hundreds of cattle three times a day. Note lites (in background) automatically turn on at dusk and off at dawn. The lights permit cattle to move from shelter to feed bunk with a minimum of excitement and crowding during the night. The lights also make it easy for Mr. Clark to see individual animals and check the consistency of the ration at night.

"It costs us \$104 a month for electricity but it would cost us a lot more without it!"

says Arthur Clark, Champaign County farmer

This is the Clark family of Champaign County. They live on a farm of over 1,300 acres near Ogden, Illinois. Their average monthly electric bill is \$104.

To the Clarks, this is one of their best investments.

"Electricity helps keep our farm on a paying, business basis," says Arthur Clark. "It would take many times more than \$104 in time and labor to do the same work on this farm without electricity."

In addition to crops, the Clarks have over 600 head of cattle. These cattle are fed three times a day by a completely mechanized system. As the silage is conveyed to the

feed bunk, cracked corn and protein are added automatically in correct proportion.

Electricity is also a valuable help in operating an air compressor, welding equipment and many other power tools used for maintenance on the farm.

Life in the Clark home is comfortable, convenient, thoroughly up-to-date. The entire house is air conditioned. Thanks to her many time and labor-saving electric appliances, Mrs. Clark is not bogged down by chores with her big farm family.

Here on the Clark farm, as all over America, electricity works silently to make life easier and business more profitable.

Meet the Clark children (from left to right): Linda, Michael, Becky, Roger and Jon. With this large family, Mrs. Clark makes good use of her electric clothes washer and dryer.

• The average Illinois Power Company customer pays an average monthly electric bill of \$9.46.

1600 BLOCK OF LINDELL — IMMEDIATE POSSESSION
Completely surrounded by wonderful neighbors — this extra large ranch has attached garage — 3 good sized bedrooms with plenty of closet space. Brick veneer construction, insulated ceilings and walls — Forced warm air heating system adaptable to central air conditioning — Dining room — built-in cabinets — plenty of a woman's kitchen.

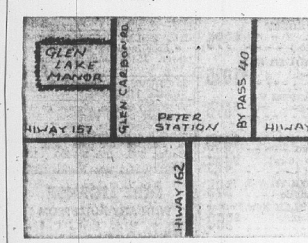

INCOME ON CLEVELAND BLVD.
Five units of income in brick dwelling with plenty of parking facilities and a convenience of location. Utilities are separate on some of the units to provide easy bookkeeping — a \$30,000 return in 6 years will provide this investment to be sold. Call for particulars and an appointment to see this outstanding income property.

BUNGALOW ON OUTSKIRTS OF TOWN
Four room with plenty of rooming space on 100x150 lot — city water and natural gas provide city conveniences. Taxes only \$75 per year are certainly enticing. The property can be financed on a contract for deed or a cash offer will discount the selling price — the existing siding is cocoa brown and white trim carpet is attached. Owner will vacate immediately.

DUNLAP LAKE SITE
Studded with oak and elm trees. This is one of the last available lake sites in this popular area — The retaining wall separates the sandy beach from the recreation area. The road is private and does not permit thru traffic. — Trade your equity and live on this beautiful lake.

GLEN LAKE MANOR
Country living with the convenience of the city, beautiful Glen Lake Manor, on the Bluffs, but just 10 minutes from Granite City. Lovely 3 bedroom, all brick veneer homes, with one and a half baths, choice of drive-in basement, or attached garage; built-in oven and range with exhaust hood; large closets; combination storm sash; aluminum windows, marble sills; oak flooring with Durelife finish; plastered interiors, with simulated brick walls in the living room; congenial atmosphere; every home a distinctive design... ALL THIS, and prices begin at JUST \$15,950!

Call for appointment or drive out Saturdays or Sundays Between 2-7 P.M.

THE PARK FOR A PLAYGROUND
A fireplace sets off the carpeted living room and dining room. The kitchen is designed with Youngtown built-in dishwasher and tile splash wall — Breezeway separates the 1 car garage that is finished with the same style brick as the exterior of the dwelling — The shower over the colored tub and blending fixtures with matching ceramic tile sets off the bath — \$19,950 will move you into the Nidderhaus School District.

A 30 ACRE FARM 40 MILES FROM TOWN
With 20 acres to cultivate this little package is what you are looking for. Located right off the new Highway 96 — A modern 5 room bungalow has full basement with gas heat — a new garage — plenty of outbuildings and equipment that stays — A trade can be made fast enough for someone to harvest the corn — Down payment is no problem.

3 BEDROOM BRICK — \$12,950 — NO DOWN PAYMENT
Only two years old, this brick must sell immediately — Aluminum windows — formica sills — insulated ceilings and walls — F.W.A. heating system — completely tiled bath with shower — utility room provides washer and dryer facilities right off the kitchen. Situated on a corner lot — schools and transportation a hop and skip away — Call for appointment. Trade in anything of value and you will not regret a good buy here.

Get Coolerator.
the air conditioner you know is performance tested!

You know any Coolerator you buy is performance tested because Coolerator actually operates and tests every unit. Most companies test only random samples. You can't tell whether the one you buy has been tested or not. But you can be sure of top performance and reliability with Coolerator. And you can be sure of top features, too: extra-

quiet operation, washable filter, zinc-clad cabinet for maximum rust resistance, 4-way air circulation, automatic thermostat control. Choose from a wide selection of models with NEMA-certified capacities from 4,200 to 30,000 BTUs, including ones for reverse cycle heating, casement windows and instant installation. Come see them today!

LECTROFILTERS, with electrostatic action, traps particles ordinary filters miss.

MAGNETIC FRONT lifts open for easiest filter removal. No knobs or clips to fuss with.

5-YEAR FACTORY WARRANTY covers entire sealed system, including parts and labor!
